RE: 2025-26 Dental Insurance Rates

At the May 21, 2025 School Board Meeting, the School Board set the following monthly dental insurance premiums for full-time employees for the 2025-26 school year:

	School District	Employee	Monthly Total
<i>Single</i>	\$10.00	\$24.90	\$34.90
<i>Family</i>	\$20.00	\$72.65	\$92.65

These rates remain the same as in the past school year. Rates for less than full-time employees will be pro-rated.

Just a reminder that our current Dental Insurance policy carries a mandatory 2-year election period. All employees currently enrolled in the dental plan must stay in the plan for at least 2 consecutive years before you will be allowed to discontinue participation in the plan. Also, employees who have elected not to participate in the dental insurance program may not participate for a period of 2 years from the date they dropped the plan.

If you have any questions regarding the dental insurance rates, please contact Pam Reini at (218) 208-0849 Ext. 2.
