

Student Locker Usage

Lockers

Students will be assigned a locker during the first few days of school. Only locks provided by the school are allowed to secure your locker. Use only your assigned locker. **STUDENTS ARE NOT SHARE THEIR LOCKER WITH ANYONE ELSE.** Books, backpack, coat, and class work must be stored in the locker assigned so the office can locate your supplies in case of illness. Remember to keep locker combinations a secret. Letting others know locker combinations may result in problems or possibly even theft. Difficulties should be reported to a teacher.

Although the locker stores personal possessions as well as the school's books, remember that all lockers belong to the school and may be opened as needed. Be sure to keep your locker clean, organized and free of unacceptable posters or other materials. Remember, what does not belong at school does not belong in your locker.
