

SCENES FROM SEE YOU AT THE POLE 2025 AT CCHS & CCMS

Above: When the front-row mashers need a solid set to get the ball high into the right spot, it is most likely Lakyn Forsythe doing the heavy lifting. (Photo by Ron Barry)

Rain may have forced the participants indoors, but it didn't dampen the spirits of the students and school staff members who supported Crockett County's 2025 See You at the Pole ceremonies Wednesday at both the high school and middle school.

The 7:15 event, originally slated for Cavalier Stadium, moved to the CCHS auxiliary gym for the high schoolers and the CCMS cafeteria for the middle schoolers. At both locations, there was a time for worship songs, small group prayers, and then a large circle prayer as the participants prayed for each other, their schools, their teachers, and their community.

See You at the Pole is a nationwide event in which students are encouraged to gather around their school's main flagpole and pray for the school year. Below are scenes from the two gatherings.
