## Let Learning Take Flight!

Literature  
Connection

Greetings EHUE Families,

We are now a month into the 2025–2026 school year, and what an exciting takeoff it has been! Our theme, **Let Learning Take Flight**, continues to guide us as we celebrate each student’s journey of growth, curiosity, and discovery. To launch the year, each biome read *Rosie Revere, Engineer* by Andrea Beaty, a story that reminds us of the power of perseverance, creativity, and courage in the face of challenges. Just like Rosie, we want our students to embrace risk-taking, learn from mistakes, and find joy in watching their learning soar!

We’ve already had so many wonderful moments together, and we look forward to sharing even more of the great things happening here at EHUE throughout the year! Below, you’ll find highlights from the past few weeks, exciting updates, and a look ahead at what’s coming next.

### RAMS WAY

Our students continue to earn Dojo points for demonstrating the RAMS Way all across our building! It has been so much fun celebrating students as top point earners, weekly winners, and even through random selections that highlight our positive behaviors. Our students have especially enjoyed Fun Fridays in the cafeteria, where we’ve shared music, jokes, riddles, and games to end the week on a high note. Adding to the excitement, last week we also joined in the fun of PR Spirit Week as we geared up for the PRHS Homecoming weekend!

Looking ahead, we are excited to announce our 2025–2026 RAMS Way H.E.R.D. Student Committee in the next two weeks. We can’t wait to partner with this group of student leaders to keep the positivity going and to help spread even more fun throughout our school! These students are nominated and selected by teachers to be a part of this committee for the school year.

## Summer Reading BINGO

Thanks to our PTO, our students celebrated the completion of their summer reading passport by engaging in a game of BINGO in the cafeteria with their grade level. Our students had so much fun participating and some were lucky enough to win a prize! We appreciate our PTO for working with our team to plan this celebration.

## Garden Project

This week, our Sustainability Planting Committee came together with community members and parents for a special Garden Day. Together, we planted a variety of perennials at the main entrance of our building to both brighten our front grounds and create a welcoming pollinator space. It was a wonderful day of teamwork, learning, and community building, so much so that some students even asked to skip recess just to keep planting! A heartfelt thank you goes out to all of our volunteers, community members and PTO whose time, energy, and donations made this project possible. We look forward to watching our garden grow!

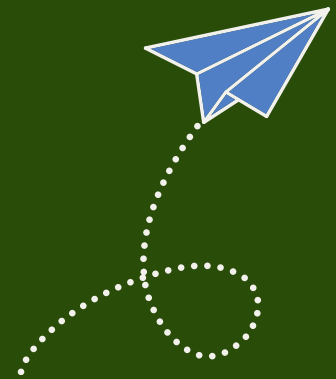

## School Safety

As we all know, it is essential for students and staff to learn and regularly practice emergency procedures so that everyone feels prepared in the event of a real emergency. Recently, our grade levels gathered in the cafeteria to review and rehearse these procedures. Students even had the chance to walk through a fire drill scenario as if they were in the cafeteria, which provides an important opportunity to practice in an unfamiliar setting. This proactive approach helps build confidence and ensures safety remains a top priority. Next month, students will take part in a lockdown drill in the cafeteria, following a format similar to the one used this month.

**Upcoming Events - Our school calendar is available on the Pine-Richland School District website!**

September 29 - Fall Picture Day  
October 13- 17 Fall Book Fair  
October 15- Grade 5 and 6 Talent Show 7pm  
October 17 - PJ Day  
October 22- Grade 4 Talent Show 7pm  
October 23 - Quarter 1 Ends  
October 24 - No School for Students  
October 29 - Fall Picture Day Makeups

We look forward to another great month where learning soars!

Mrs. Berezo, Principal  
Mr. Rose, Assistant Principal  
Mrs. Dunker, Assistant Principal
