5 REASONS TO CHOOSE BGS SENIORS

Small classes

In BGS Seniors, the average class size is 20 at KS3 (Years 7 to 8) and 19 at GCSE (Years 9 to 11), meaning that our pupils benefit from more individual attention, tailored guidance, and greater engagement with teachers in classes.

Excellent Academic Results

BGS pupils consistently achieve excellent academic results, well above national and regional averages, with exemplary 'value added'. Our pupils surpass their own expectations, achieving GCSE results far beyond the levels predicted by tests of their 'innate' ability.

Personalised pastoral care

BGS has good reason to believe that the care and individual attention we offer is sector leading. Working closely with parents is integral to this. We provide a safe, tolerant, and caring environment, which allows pupils to reach their potential in every area of life.

Modern approach

Equal opportunities for all are a given here. At BGS girls and boys have equal opportunities: access to the same subjects, extra-curricular activities and teachers, and all pupils have access to all areas of the campus and facilities.

Unique family atmosphere

BGS has a warm atmosphere and a family feel. This is a very common observation from visitors to BGS and something we hear regularly from our families. BGS has always been like this...and always will be.
