

# Key Informant Interviews

## *Understanding Quality and Access to Comprehensive School-Based Mental Health Services for Students*

An evaluation component of the **CONNECTing Students to Care Initiative**

### We want to hear from

**Caregivers** with school-aged youth attending Connecticut schools that **have been implementing the CONNECTing Students to Care Initiative over the past year.**

### The Purpose of these interviews

is to better understand perceptions about:

- **Quality** of school-based and community-based mental health services for school-aged youth
- **Accessibility** for these services
- Mental health services that **best support** youth
- **Barriers** that restrict youth and family access to these services
- **Suggestions for improving** quality and access to mental health services for school-aged youth

Sign up for a date/time:

**HERE**

#### Interview Details:

- Virtual (Zoom)
- Anonymous & de-identified
- 40-50 minutes (estimated length)
- Facilitated by a CONNECT evaluation team member
- \$30 stipend for participation

IRB Protocol ID: 2000036914

#### Questions?

Julia LeFrancois  
julia.lefrancois@yale.edu

Connecting to Care is a partnership that focuses on coordinating access to quality care through a youth-guided and family-driven approach. To improve behavioral health outcomes for children in Connecticut, Connecting to Care seeks to change the way the system operates so that all children have the opportunity to thrive.
