- **You are the future of the RHS IB Program!**
- **Become a more well-rounded student.**
- **Distinguish yourself from other American students on college applications**
- **Challenge your traditional way of thinking and gain a global perspective.**
- **Earn up to three semesters of college credit while still in high school.**

IB at RHS

IB is a two-year academic program in which students engage in a variety of thought-provoking courses. Or, consider enrolling in selected **IB Courses** instead of the full Diploma Programme.

IB focuses on an **inquiry-based education** which provides students with a sense of **academic freedom**, encouraging **independent thinking** and self-exploration.

IB students learn **time management** and interpersonal skills that will benefit them in college and beyond. The classroom environment allows for **different perspectives** and encourages students to **interact and collaborate** with others.

While all advanced academic classes provide students with a vast scope of knowledge, IB courses challenge students to find a **deeper understanding**. Students are encouraged to **explore the "what?" and "why?" questions**, and express their ideas through **open response writing exams**.

IB Course Certificate Options

The following International Baccalaureate courses may be taken by students *not pursuing the full IB Diploma*.
