1. Narrative description of the Prop 28 arts education program(s) funded. (2500 character limit).

There were no applicable Prop 28 expenditures during fiscal year 2023-24. The 2023-24 fiscal year was used as a planning year as follows: Special Education: Developed plans to recruit and hire a .30 FTE music teacher who will work in our Fee for Service Special Education classrooms and teach to our students that are located throughout the county. The goal of this teacher will be to teach our students ages 3-22 music, including rhythm, and movement and to enhance an appreciation while allowing students to learn about fundamentals. Alternative Ed/Court: Developed plans to offer services through Creative Sonoma to partner with California Poets in the Schools, whose vision is to enable youth in every California county to discover, cultivate and amplify their own creative voices through reading, analyzing, writing, performing and publishing poetry. When students learn to express their creativity, imagination, and intellectual curiosity through poetry, it becomes a catalyst for learning core academic subjects, accelerating emotional development and supporting personal growth. Alternative Ed/Community: Developed plans to provide students with visual arts education through a local community-based organization whose mission is to provide mentoring and stimulating arts work experience for Sonoma County youth. Learning outcomes include basic color theory, empowerment of students to feel they can have influence on their surroundings; engagement in a collective creative process and understanding the process of how to take a design and create it on a larger scale.
