

## **2. K-12 Counselors**

K-12 counselors work to help provide academic, social emotional and career opportunities.

## **3. Physical Health Services**

The K-12 nurse is essential in the health of the student population.

## **4. Before/After School Program**

Leetonia Schools implemented the "Bear Care Before and After Care Program" to help the community in terms of latch key programs and the general need for child care during parents working hours. A mix of academics and enrichment programs are offered in the program. Supplies, teaching resources and salary for staff are necessary expenditures.

## **5. Family Engagement Activities**

Leetonia Schools provide initiatives during the school day to help narrow the gap between home and school. A Career Counselor is able to work with students to help provide academic, social emotional and career opportunities every day. Students are involved in Positive Behavioral Intervention Supports (PBIS) and a variety of other opportunities to boost self-images and strengthen student/teacher and community relationships.

***\*Some uses of funds qualify for both DPIA and Student Wellness and Success Funds***
