

What is a School-Parent Compact?

A *School-Parent Compact for Achievement* is an agreement that parents, students, and teachers develop together. It explains how parents and teachers will work together to make sure all our students reach grade-level standards.

Effective Compacts:

- Link to goals of the school improvement plan
- Focus on student learning skills
- Describe how teachers will help students develop those skills using high-quality instruction
- Share specific strategies parents can use at home
- Explain how teachers and parents will communicate about student progress
- Describe opportunities for parents to volunteer, observe and participate in the classroom

Jointly Developed

The parents, students, and staff of Fifth Grade Academy developed this School-Parent Compact for Achievement. Teachers suggested home learning strategies, parents added ideas to make them more specific, and students told us what would help them learn. Meetings are held each year to review the compact and make changes based on student needs.

Parents are welcome to contribute comments at any time.

If you would like to volunteer and participate, please contact Fifth Grade Academy at 706 886-2880

Activities to Build Partnerships

Please join us for the following opportunities to participate in building a partnership to support your child's academic success

- Parent-Teacher Conferences
- Family Nights
- Volunteering
- Open House

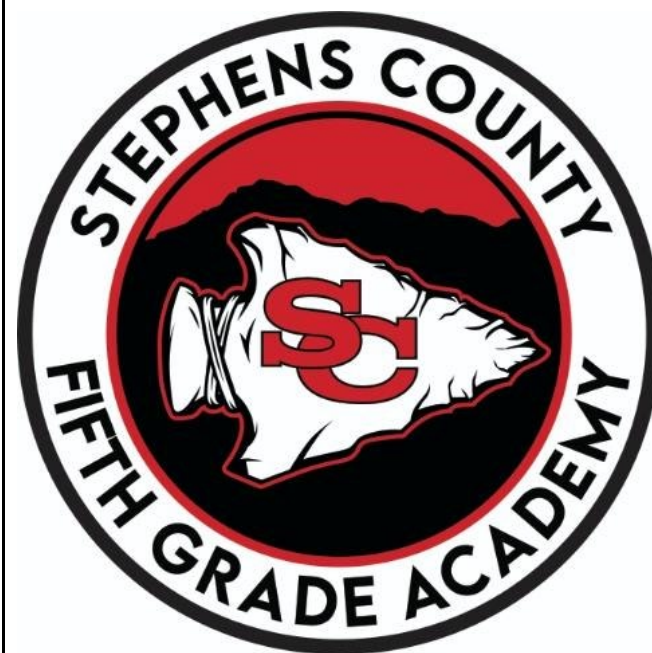

Communication about Student Learning

Fifth Grade Academy is committed to frequent two-way communication with families about student learning. Some of the ways you can expect us to reach you are:

- Updates on the school website
- Current grades in Infinite Campus
- Classroom newsletters
- Parent/teacher conferences
- Email
- Student agendas
- Campus Messenger (texts & emails)
- Remind messages
- School Facebook posts
- Monthly calendars

2025-2026 School-Parent Compact For Achievement

Fifth Grade Academy Focus for Student Success

Our Goals for Student Achievement

District Goals

The Board of Education sets goals for the entire district. The district achievement goals for 2025-2026 are focused on increasing literacy outcomes.

- **Achievement Goal 1:** Create a positive learning environment as measured by improvements in safety, attendance, mental health awareness, and student behavioral needs by May 2026.
- **Achievement Goal 2:** Increase the percentage of students reading and writing proficiently on local and state assessments by May 2026.
- **Achievement Goal 3:** Increase the percentage of students scoring at a high level in math on local and state assessments by May 2026.

School Goals

Fifth Grade Academy also sets goals for your child's academic achievement. These goals include district and school achievement goals in the areas of literacy and math. School goals for 2025-2026 include the following:

- **Goal 1:** Fifth Grade Academy will increase the percentage of students scoring Level 3 Proficient and Level 4 Distinguished on the Reading End of Grade Assessment by 5%
 - Increase time spent reading (Accelerated Reader)
 - Intentional Writing in all content areas
 - Implement Wonders Curriculum with fidelity
 - Implement MTSS process with fidelity
- **Goal 2:** Fifth Grade Academy will increase the percentage of students scoring Level 3 Proficient and Level 4 Distinguished on the Math End of Grade Assessment by 5%
 - Increase multiplication fluency
 - Learn to dissect language of word problems
 - Implement MTSS process with fidelity

Teachers, Parents, Students - Together for Success

In the 5th Grade Classroom

The 5th grade classroom will work with students and their families to support students' success in literacy and math. Some of our key connections with families will be:

- *Title 1 Parent Involvement activities to learn about the various programs used at 5GA, how to monitor their child's progress, and how to assist their child with homework.*
- *Title 1 Student-Led Conferences*
- *Frequent Communication: Newsletters, Agendas, Remind Texts, Messenger Email blasts, Facebook posts*
- *Post additional supports, such as, study guides, tutorials, and practice on Google Classroom for students and families to access at home.*

At Home

Fifth Grade Academy parents joined staff to develop ideas about how families can support students' success in literacy and math. Families may have other ideas to add to this list:

- Review homework together
- Use real-life teaching experiences, such as, shopping, budgeting, following directions to a location
- Have books available at home
- Encourage mental math

Fifth Grade Academy Students

Fifth Grade Academy students joined staff and parents to develop ideas about how they can succeed in school and reach for the stars in literacy and math. Students thought of the following ideas to make connections between learning at home and school:

- Have parents check over homework
- Use agenda to communicate with teachers
- Show parents Google Classroom
