

CFISD STUDENT PASSWORDS

Student passwords may carry over year to year; they have a 365-day limit until they expire.

If a student's password has expired

They should be able to log in to their Chromebook, but be prompted to change their password when trying to access my.cfisd.net, textbooks, etc.

Passwords can be reset through Classlink or Stugo.

New-to-CFISD

Students will be set with the default password of CfisdMMDD the C is Capitalized; two-digit month and two-digit day of student's birth, e.g. May 6 = 0506

Student passwords can be reset by the student, parent, or a staff member assisting a student while on the CFISD network.

Go to <https://stugo.cfisd.net>

Information needed:

- Student ID number
- Full Last Name
- Birth date, must be in the format of yyyy-mm-dd (with the dashes)
- Zip Code, from home address in eSchool registration

RESET PASSWORD IN CLASSLINK

CFISD students and staff can reset their passwords through Classlink.

1. Login to my.cfisd.net
2. Click on the **silhouette** in upper right of Classlink to access your profile
3. Click on **Settings**
4. Click on **Recovery**
5. Click on **Change Password**
6. Type your old password and a new password
7. Click **Save**

A video and animated gif showing these steps is in the EdTech Help & Tips app: bit.ly/edtech-tips
