DTSC APPROVAL – SUPPLEMENTAL SITE INVESTIGATION REPORT, ALAMEDA UNIFIED SCHOOL DISTRICT, WOOD MIDDLE SCHOOL, 420 GRAND STREET, ALAMEDA, ALAMEDA COUNTY, CALIFORNIA (PROJECT CODE: 104891)

Dear Ms. Boyd:

The Department of Toxic Substances Control (DTSC) reviewed the *Supplemental Site Investigation for Lead-Impacted Soils* (SSI Report for Lead – Terracon Consultants, Inc., July 25, 2025), received on July 25, 2025. The SSI Report describes the results of step-out sampling to delineate the extent of lead in surface soils at the Wood Middle School located at 420 Grand Street, Alameda, Alameda County (Site).

DTSC concurs with the conclusion that no further investigation for lead is needed and hereby approves the SSI Report for Lead. However, further characterization of hexavalent chromium is still necessary at the Site.

An electronic copy of the final document will be posted to [DTSC's EnviroStor database public access website](#).

Ms. Ruth Boyd
