**PENNINGTON, NJ, September 10, 2025**—Admission Team at Pennington Invites Prospective Students and Their Families to Visit Campus This October

Students and families interested in learning more about The Pennington School are invited to visit campus for interactive and informative events that offer an up-close and personal look at the School's programs, facilities, and its engaged and supportive faculty and student community.

For those interested in Grades 9–12, special events known as Upper School Experiences are being offered on select Wednesday mornings, October 15 and 22, starting at 8:15 a.m. and ending at 10:45 a.m. Prospective students and families will have the opportunity to take a campus tour, sit in on a class, learn about trends in college admission, hear from a student panel, and talk with administrators.

Individuals eager to learn more about Pennington's Middle School are invited to attend an Information Session on Thursday, October 16, at 9:30 a.m. that will end at 11:00 a.m. This event fully underscores what makes Pennington's Middle School an exceptional place for students to learn and grow. Head of Middle School Maria Capelle-Burny and Director of Middle School Student Life Tracy Kuser will lead an informative session for parents of prospective Grade 6 through 8 students.

Pennington's Cervone Center for Learning is a longstanding pioneer in developing supportive and effective teaching strategies and approaches across diverse learning styles and provides individualized academic support for bright students with language-based learning differences within a college-preparatory environment. On Monday, October 20, at 9:30 a.m., Cervone Center Director Jo Prockop will lead a one-hour information session to provide a comprehensive look at the program and its highly effective approach to academic skill development for neurodiverse learners.

To learn more about any of these programs, as well as find important registration information, visit [www.pennington.org/admission/events](http://www.pennington.org/admission/events).

Thursday, October 16

## **Cervone Center for Learning Information Session**

*9:30–10:30 a.m.*

Monday, October 20

The Pennington School is an independent coeducational school for students in grades 6 through 12, in both day and boarding programs. The curriculum is college preparatory, with an emphasis on individual excellence, fostering the development of the whole student through academics, athletics, community service, and the creative and performing arts.
