Student Involvement: Clubs & Athletics

Poquoson SPOTLIGHT

POQUOSON CITY PUBLIC SCHOOLS

preparing all students for a successful and meaningful life

9.29.2025

Elementary Engagement

Early leadership and opportunities start with Student Council Association (SCA), K-Kids (Kiwanis), Battle of the Books (BOTB), Odyssey of the Mind, and Great Computer Challenge!

Middle School Connections

Teamwork and discovery abound with BOTB, SCA, SCARE Club, National Junior Honor Society, Yearbook, Intramural Sports, Game On!, and JV athletics!

High School Opportunities

38 Clubs & 37 Athletic Teams!

Leadership, athletics, and community partnerships provide countless offerings including honor societies, JV/Varsity athletics, interest clubs, and community service.

PHS One Lunch

At Poquoson High, One Lunch provides all students with a dedicated time during the school day to get involved. Clubs, activities, tutoring, and wellness opportunities happen during this block, so every student has access without competing with after school commitments. The program helps create a stronger sense of community, encourages leadership, and gives students the flexibility to explore interests while still keeping balance in their schedules. When asked how his involvement has impacted him and will help him in the future, Seth Green (Class of 2027) says, *"I've played a lot of sports and I'm in a lot of clubs....I know how to balance sports with the work and assignments we have."*

2025 Great Computer Challenge Teams
Sponsors: Nanci Deibler, Alystrd Barefoot, Rebecca Clancy, & Melonie Shields

FCA meeting in the PHS Gymnasium
Sponsors: Gloria Insley & Brittany Baker

Encouraging Involvement

Why It Matters | Page Yarbrough, Athletic & Activities Director

"Clubs and athletics give students the chance to explore interests, build friendships, and grow as leaders outside the classroom. Participation fosters teamwork, responsibility, and confidence while creating a strong sense of belonging. These experiences challenge students to try new things and develop skills that last well beyond school. Together, they help prepare learners for success in college, careers, and life."

Get Involved

Consider Athletics- teams offer conditioning, open gyms, and weight lifting to help prepare athletes prior to tryouts! Check out our Athletics Website, get connected via Parent Square, and meet our strength and conditioning coach, Danielle Kearns!

Start Something New!
We always welcome fresh ideas and encourage students and parents alike to get involved and propose exciting clubs for our students. Check with your building principal if you have a new idea!
