

Student PBIS Survey

Union City Middle School

Student PBIS Perception Survey

What does this tell us?

- We're doing a great job setting clear school wide behavior expectations.
- Keep giving Charger Shout Outs for **expected** behaviors.
- Most behaviors happen in the classroom.

What can we do?

- Teach and practice behavior expectations just like academic skills.
- Provide **pre-corrections** before activities or transitions.
- Provide movement breaks to help with focus.
- Use least-to-most intrusive strategies: proximity, nonverbal cue, private redirection.
