2.04 Review of and Approval of Committee Findings and Recommendations and Adoption of Report

Discussion / Action

Asst. Supt. Jason Vann presented the Community Survey results to the Committee. A Community Survey in 3 languages (English, Spanish, and Vietnamese) has been sent multiple times via the ParentSquare and FMSD's social media starting 2025-06-25. As of 2025-09-17, a total of 108 community members have responded to the survey, and the top 2 options for use of surplus sites identified in the survey are Alternative Educational Facilities and Community Use.

The Committee inquired as to what uses identified in the survey would generate the most revenue. Jason Vann indicated that would likely be related to recreational uses, but that the District will do a request for proposal (RFP), and the District can also reject proposals that have a negative impact on the community, even if they would bring in the highest revenue. Vice Chair Ashley Ferreira indicated that she was not interested in a greenspace option as it did not address the District's budget issues.

Committee Member Rafael Garcia asked if there has been any other interest in the properties. Jason Vann indicated that there has not been, but that there has not yet been an RFP, which may generate more interest.

Vice Chair Ashley Ferreira requested the number of FMSD students who enrolled in non-public school (NPS) programs. Asst. Supt. Jason Vann will research the number and get back to Vice Chair Ashley Ferreira.

Vice Chair Ashley Ferreira asked the Committee to review the Committee Findings and the drafted recommendation report.

Committee Member Rafael Garcia asked a question about the flexibility to review the priority of the suggestions in the report.

Consultant Harold Freiman confirmed that the Committee may discuss and re-order the priority of its suggestions to the Board. He noted that the recommendations reported are suggestions only, and that the Board is not obliged to base its decisions on them.

Committee Member Dario Lomeli, Jr. mentioned that the Committee's suggestions are aligned with the results from the Community Survey and suggested no rearrangement of the priority list of recommendations in the Committee report.

Vice Chair Ashley Ferreira echoed Committee Member Dario's comment and asked if the Committee wants to move forward with a discussion on the priority of the Committee's Suggestion.

The Committee agreed that the Committee does not need to rearrange the priority of Committee suggestions.

Committee Member Rafael Garcia made a motion to accept the recommendation report, and Committee Member Michelle Quilantang seconded. The report was approved by a unanimous vote, with all members in favor.

Committee Member George Shirakwa motioned to reconsider the previously approved recommendation report and to adopt the report adding language stating that the Committee's recommendation aligns with the results of the community survey. The motion was seconded by Rafael Garcia.

The Committee unanimously agreed to approve the report as amended.
