## Licensed Child Care and Preschool Options:

**READY TO GROW  
READY TO LEARN  
LICENSED CHILD CARE**

At One91, we offer two 12 month programs designed to nurture and support the growth of our youngest learners:

**Ready to Grow 6 weeks - 31 months**  
**Ready to Grow** embraces the philosophy of primary caregiving that allows for nurturing and attachment between your child and their primary caregiver. Our teachers play a vital role in fostering development by serving as an essential link between you and your child, supporting your goals as a parent, and providing a consistent, positive, and nurturing environment.

**Ready to Learn 31 months - 5 years**  
**Ready to Learn** curriculum focuses on school readiness in the areas of language and literacy, science and math, creative arts and music, dramatic play and movement, and health and nutrition. Through hands-on experiences, children discover the world around them, sparking curiosity and creating their own unique pathways to learning.

**New Natural Playground**  
 Our programs now feature a brand-new natural playground, completed just a year ago! This fenced-in play area includes multiple surfaces for year-round exploration, with plenty of shade and plowable spaces for winter fun. Features include dinosaur skeletons for imaginative play, sand and water tables for sensory exploration, a sensory swing, a mini parking lot for interactive learning, and climbing tools with slides to strengthen physical and motor development. The natural playground is designed to spark curiosity and wonder, allowing children to explore, play, and grow in an environment that fosters creativity and development.
