Our Mission

Episcopal Collegiate School prepares students to live principled and fulfilling lives of leadership and service through the pursuit of academic and personal excellence in a challenging and supportive environment.

Our Motto

Respect, Reverence, and Responsibility

Rooted in the Episcopal tradition and affirming people of all faiths, Episcopal Collegiate strives to develop in its students a respect for all persons, a reverence of God, and a sense of moral responsibility.

Our Honor Code

Episcopal Collegiate School's Honor Code promotes an atmosphere of integrity. Trust has formed the foundation of the Episcopal Collegiate community since the Honor Code's inception in 2003, and that trust is built on the expectation that each member of the community strives to live with honor. At the beginning of each school year, students and faculty sign the Episcopal Collegiate School Honor Pledge:

I pledge that I will uphold the Honor Code with my mind, body, and spirit, and that I have neither given nor received inappropriate or unauthorized assistance on academic work, and that I will respect the personal property of all people.

Our Faculty

There are 114 teaching faculty with 76% holding advanced degrees. Students learn in an intimate environment with a student-to-faculty ratio of 10:1 and average class size of 15.

Writing Center

The Writing Center is a student-led, student-run organization that offers individualized tutoring, workshops, guest speakers, and special events to students in grades 6-12. The Episcopal Writing Fellows program is a leadership and service opportunity for sophomores, juniors, and seniors that focuses on brainstorming, editing, and peer tutoring. Writing Fellows are selected through a rigorous application process and volunteer a minimum of two hours per week throughout the school year.

Senior Peer Leaders

Rising seniors are selected for their leadership, commitment to excellence, and visible demonstration of Respect, Reverence, and Responsibility to mentor incoming freshmen grappling with academic, social, and emotional challenges in their transition to Upper School. Peer leaders meet bi-weekly with their groups, lead activities on orientation and Shadow Day and assist chaperones with the Freshman Retreat.

Chapel Talk

During the senior year, each student must write and present a Chapel Talk to the Middle and Upper School student body and faculty. Seniors are given the opportunity to reflect on their experiences, their moral and spiritual growth, and their development as students and citizens of the world.

Entrepreneurial Studies

This four-year program prepares students for both social and business entrepreneurship through courses such as Civics, Economics, Design Thinking, and Communication. Partnering with hospitals, museums, businesses, and nonprofits, students apply their learning to real-world challenges while developing critical thinking, communication, and problem-solving skills. The program culminates in a Business Immersion course and Senior Capstone, where students design and launch ventures with lasting impact.
