### Northeast Region

School's Data		District Information
<b>Student Enrollment</b> (SY 24-25)	211	High School enrollment ranges from 137 to 606, with the middle point across all schools (median) at 333.  A school with at least 500 students — about 125 students in each grade 9th through 12th — can offer more opportunities for students.
<b>Enrollment Trend</b> (2022 to 2025)	-30%	The enrollment trend across all of our high schools ranged from a 36% loss to a 20% gain. The median change across schools was a drop of 7%.  Independent enrollment studies predict that the total number of students will keep going down over the next several years, mainly because fewer children are being born.
<b>Building Condition Score</b>	86	High school building condition scores range from 44 to 90. The middle point score across all schools (median) is 83.  Our long-term goal is to keep every school building at a score of 80 or higher.
<b>Building Planning Capacity</b>	1072	All but one of our high school buildings can hold well over 500 students.  This high school is on a co-located campus, sharing a building with other high school(s).  When student enrollment is significantly lower than a building's capacity, the district must spend resources to maintain unused space, which means fewer resources for students and staff.
Additional School Details		
<b>Ohio State Report Card Star Rating</b> (SY 23-24)	★★★★★	State Report Cards are one of many ways to look at school quality.  Our goal is for every student to be in a school that gives them the support and experiences they need to succeed.
<b>Career Pathways</b> (SY 25-26)	Engineering and Science Technologies	
<b>College Credit Options</b> (SY 25-26)	Advanced Placement and College Credit Plus courses* *While CCP is available to all students, only schools with confirmed enrollment are listed

#### DEFINITIONS OF KEY TERMS

**Student enrollment** is the end-of-year enrollment in grades 9 through 12, as reported by the Ohio Department of Education for all schools in the state.

**Enrollment trend** shows how the number of students at a school has changed by comparing the most recent end-of-year enrollment to previous years.

**Building condition score** shows how much maintenance a building needs in its main systems, like A/C, plumbing, roofs, and windows. Lower scores mean more repairs are needed. This score is a snapshot in time as of Spring 2025.

**Building planning capacity** is the potential number of students a building could hold for future state planning purposes.

**Ohio State Report Card Star Rating** can range from 1 to 5 stars, with more stars meaning stronger performance on state measures like student achievement, progress, and graduation. Star ratings for SY 24-25 will be issued by the Ohio Department of Education this fall.
