

# Worthington Academy

## Building Action Plan

## 2025-2026 GOALS

### Academic Focus & Foundational Skills

During the 2025–2026 school year, staff will support student growth in foundational academic skills through the implementation of updated curriculum and instructional practices.

- Students will participate in consistent, rigorous, and engaging learning experiences.

**Building Action Step:** Worthington Academy will reinvigorate the course catalog through the utilization of new Courseware curriculum and instructional practices.

### School and Classroom Environments

Since today’s students will face challenges and opportunities that require adaptability, innovation, and thoughtful problem-solving, students will apply critical thinking across disciplines and situations—collaborating with others, adapting to challenges, and reflecting on their own learning to grow academically and personally.

- Students will develop resilience and adaptability by applying critical thinking strategies to navigate challenges.

**Building Action Step:** All students will achieve the Student Engagement Seal through Career Club activities focusing on developing skills that will benefit them beyond their years in high school.

### Student Experience

As a school community committed to the holistic development of every student, we strive to create a vibrant, inclusive, and supportive school environment where all students can thrive academically, socially, and personally.

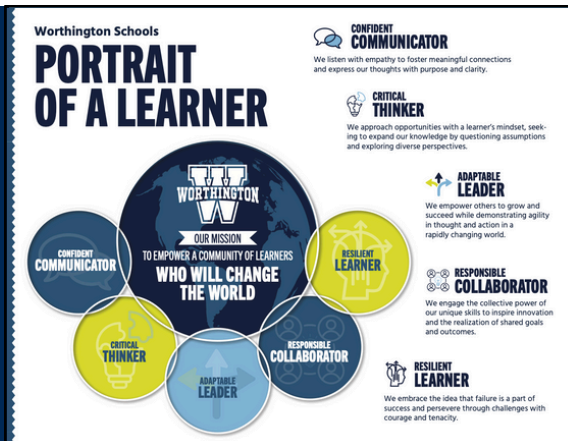

- Students will recognize and celebrate their growth across all areas of the high school experience.

**Building Action Step:** The Student Advisory Board will plan and implement quarterly community-building activities in addition to staff-led initiatives and activities.

## POINTS OF CELEBRATION

- Forty High School Graduates
- Six Students Completed Pre-Apprenticeships
- Over 300 High School Credits Earned
