Dear Lagway Families,

Thank you so much for joining us for Open House and Science Night. It was wonderful to see so many families engaging with our teachers and students, and we truly appreciate your partnership in your child's education.

Several parents had questions about curriculum and ways to support learning at home. I'm happy to point you in the right direction:

- Our curriculum documents are available on our school website for you to view at any time. Click [HERE](#) for more information.
- Students also have access to IXL, an online learning tool that allows them to practice skills in math, reading, and more. You can find IXL in your child's Clever account. To access IXL:
 1. Visit the [Willis ISD website](#)
 2. Click on the "Student" tab...top right corner
 3. Log in using your student's Single Sign-On. If you have questions, please reach out to your child's teacher.
- For more details on your child's academic progress, don't forget **parent conferences on October 14th**. Contact your child's teacher to schedule a time.

We are grateful for your continued support and involvement. Working together, we can make a big difference in our children's success.

Mrs. Wilder
