

Homecoming Assembly Brings Fun, Laughter, and School Spirit:

This year's homecoming assembly was full of energy, laughter, and competition. The event featured a variety of entertaining games that had both participants and the audience cracking up. The assembly kicked off with a round of Try Not to Laugh - a challenge where students attempted to keep a straight face while holding water in their mouths. Thanks to the painfully bad jokes, our participants were able to keep their poker faces up. Next up was a twist on musical chairs, played with a challenge of making a basket with basketballs added. The excitement continued with a fast-paced scooter relay race that had the gym buzzing, and also a hilarious makeup contest, where our homecoming court raced to create the best look possible on each other. To close out the assembly, the homecoming court members took part in a pop the balloon relay race, pairing up boys and girls in a chaotic but crowd-pleasing finale.

Overall, the homecoming assembly set the perfect tone for the week - fun, spirited, and filled with unforgettable memories.

Have a great homecoming week!
