

Start Smart Breakfast After the Bell

Cache County School District is committed to ensuring that all of our students start the day with a nutritious breakfast. Kids who eat breakfast tend to miss less school, and get better grades. This is to inform you that schools will offer a traditional breakfast from 8:40-9:00 am, for students who arrive before the first bell rings, first bell rings at 9:00 am. For students who arrive after the first bell we will offer a late start grab and go. If you as a parent, want your student to eat breakfast, we will serve them a grab and go bag which includes milk, fruit or juice and whole grain item, they will eat this in the cafeteria. This will be offered for 15 minutes after the second bell rings.

Why did we add late start grab and go to our traditional breakfast? Utah House Bill 222 created the Start Smart Utah Program and requires a public school to use an alternative breakfast service model, in addition to their traditional school breakfast if the school's free and reduced percentage is above 30%.

The following schools that will have the start smart breakfast after the bell is Birch Creek Elementary, Canyon Elementary, Greenville Elementary, Lewiston Elementary, Lincoln Elementary, Millville Elementary, Nibley Elementary, Summit Elementary, and White Pine Elementary.

How much does school breakfast and grab and go cost? If your student qualifies for free or reduced breakfast there is no cost, if your student doesn't qualify for either free or reduced, breakfast costs \$1.40 per day.

If you have questions, please contact the Child Nutrition Services department at 435-752-3925.
