

I.M. TERRELL ACADEMY

Department of Instrumental Music

WHERE MUSICIANS BECOME MASTERS

At I.M. Terrell, our apprentices are more than musicians—they are dedicated artists who bring passion, discipline, and curiosity to every rehearsal and performance. They come ready to work, eager to learn, and willing to grow through vulnerability, honesty, and collaboration.

We set high expectations because we believe in high potential. Our apprentices are expected to be hard-working, responsible, welcoming, determined, and supportive—qualities that prepare them not only for artistic excellence, but for success in life.

Through our instrumental music program, apprentices:

- Develop a deep appreciation for music across styles and genres
- Train to perform at a level that supports lifelong music-making, whether as a profession or avocation
- Grow into responsible, successful citizens with integrity, dependability, and loyalty
- Engage with community partners for real-world artistic experiences
- Explore the global significance of music and its role in shaping cultural, intellectual, and social life

At I.M. Terrell, we don't just teach music—we cultivate musicianship, character, and connection.

STUDENT OPPORTUNITIES

Apprentices at I.M. Terrell gain hands-on experience in:

- Performance: Solo, chamber, and large ensemble
- Real-World Learning: Masterclasses, clinics, and music business
- Collaboration & Culture: Improvisation, arranging, world music, and multicultural engagement

Our program prepares apprentices to perform, lead, and thrive—on stage and beyond.
