HIGHLIGHTS FOR THIS SPRING:

MoveSpring App: Just like in previous challenges, we will be utilizing the *MoveSpring* app for the challenge. While no one platform meets all needs of every participant, *MoveSpring* offers the majority of features that participants have requested, while still being an affordable option for **NMUSD Wellness for Life**.

Prize Format: We are excited to offer the opportunity for winners to choose their prizes! All prize items will be supplied by Snappy Gifts, allowing the winner to select their own gift (within the specified price range) from the rewards catalogue. All gift cards will be delivered electronically through Tango Cards, allowing the winner to select a gift card of their choosing (in the specified dollar amount) from the rewards catalogue.

Data Management: We will continue to keep the activity challenges *verified data only*, meaning only steps and minutes of activity that are synced from a connected device/app are counted towards totals. No manual entry data is allowed. Additionally, to keep the **Team Steps Challenge competitive**, a daily limit of 30,000 steps per person has been put into place for that challenge; there are no limits imposed for the **Individual Steps and/or Active Minutes Challenge**.

Team Steps Challenge

OVERVIEW:

For the **Team Steps Challenge** you may create or join a team of 10 to 20 employees and compete against other teams around the District based on *an average of the total steps per teammate* challenge. *Each team must have a minimum of 10 employees and a maximum of 20. Teams with fewer than 10 employees by the end of the registration period (April 3rd) will be merged with other teams to meet the minimum.* The top 3 teams with the highest average + 2 wild card teams as declared by raffle will win prizes. Teams *are not* limited by school/department site.

NOTICE: Friday, April 3rd is the FINAL DAY to make any changes to your team roster. After that date, users will no longer be able to join or change teams. Users are allowed the one-week grace period after the start of the challenge to get their team members sorted out. NO CHANGES WILL BE ACCOMMODATED AFTER APRIL 3RD.

Team Steps Challenge Prizes:

All members of the winning teams will earn the following prize sets:

First Place Team: Winner's Choice from Snappy Gifts (\$50 value)* + \$20 Winner's Choice e-gift card from Tango

Second Place Team: Winner's Choice from Snappy Gifts (\$50 value)*

Third Place Team: Winner's Choice from Snappy Gifts (\$30 value)*

Wild Card Team x3: \$20 Winner's Choice e-gift card from Tango

*all teams who do not place in top three will be entered in a raffle and three teams will win the "wild card" prize

Individual Steps / Active Minutes Challenge

OVERVIEW:

The **Individual Steps / Active Minutes Challenge** is designed to allow anybody with a smart phone or wearable device to participate. By joining the MoveSPRING challenge and regularly syncing data you will automatically be participating in this **Individual Steps / Active Minutes Challenge**. You will be participating in this challenge automatically if you join the **Team Steps Challenge** as well. You will earn raffle entries towards prizes based on your total steps or active minutes accumulated through the program period. The more steps and/or active minutes you achieve, the more and better raffle entries you'll receive! The MoveSpring app will show your progress for this challenge as a percentage of the Level 1 Prizes goal of 285,000 steps and/or 855 active minutes (100%). Continue to accumulate more steps and/or minutes through the program period to achieve raffle entries into Level 2 (150%), Level 3 (200%), and Level 4 (300%) prizes.

Individual Steps / Active Minutes Challenge Prizes:

Individual Steps / Active Minutes Challenge Prizes will be awarded by raffle / random drawing for eligible participants. You will be included for the drawing at *each* level you achieve, based on your steps or active minutes (your better statistic of the two). You may win *one* prize per level.

EXAMPLE: You accumulate 627,000 total steps (~11,000 per day) and 1,140 active minutes (~20 per day) through the program period. This will earn you entry into the Level 1, Level 2, and Level 3 drawings due to your steps, but not Level 4 since neither your steps nor active minutes achieved that requirement.

285,000 Total Steps (5,000 Per Day Avg)
OR 855 Total Active Minutes (15 Per Day Avg)

- \$25 Winner's Choice e-gift card from Tango Rewards catalog x 50

Healthy Habits Challenge

OVERVIEW:

The **Healthy Habits Challenge** has taken place of the Healthy Bingo Challenge from the last program, but will operate very similarly. While the steps and active minutes challenges are focused primarily on physical activity, your personal wellness is so much more than that! The **Individual Healthy Habits Challenge** will inspire awareness of behaviors that impact your mental, environmental, financial, and social wellness. You are not required to participate in any of the other challenges to take part in the **Healthy Habits Challenge**, though you are encouraged to. All activities will be loaded into the Healthy Habits section by March 27th.
