

ONWARD 2 HIGH SCHOOL TEACHING MODEL

ELEVATING MATH EXCELLENCE

Our teaching model brings an advanced approach to math education in middle school, tailored specifically for our partner schools. With a focus on the advanced and accelerated Algebra One Honors class, we aim to enhance student learning and achievement in mathematics, providing a solid foundation for high school and beyond.

PROGRAM HIGHLIGHTS

ADVANCED CURRICULUM

Our Algebra One Honors class challenges students to exceed their academic goals with a curriculum that's both rigorous and engaging.

HOLISTIC SELECTION PROCESS

Students are chosen through a comprehensive selection process to ensure diversity, dynamism, and a dedication to growth.

INTEGRATED LEARNING

Classes are seamlessly integrated into the school day in collaboration with our partner schools' math departments, fostering a cohesive learning experience.

64%

57-64% class average growth on STAR exam

80%

60-80% of students achieved individual growth goals

99%

99% of students feel more prepared for high school

100%

100% of students report math skill improvement

"My child has been more confident in math. She is very comfortable at the pace they are going and takes pride in her work."

ONWARD 2 HIGH SCHOOL SUMMER INSTITUTE

NURTURING POTENTIAL. INSPIRING GROWTH.

O2HS Summer Institute is a 3-week STEAM (Science, Technology, Engineering, Arts, and Mathematics) program designed to empower rising 7th and 8th graders to explore academic interests beyond the traditional classroom.

PROGRAM HIGHLIGHTS

DIVERSE CURRICULUM

Students explore various subjects, including earth science, financial literacy, art history, and food science. Each course is designed to build essential concepts, ensuring a well-rounded educational experience.

THEMED DAYS & ENGAGING ACTIVITIES

Students participate in a variety of themed days and hands-on activities that add excitement and variety to the learning environment. Food Science Day is a favorite.

GUEST SPEAKERS

Students benefit from valuable insights and exposure to career opportunities from guest speakers.

"It was so much fun, and I made new friends! While many kids would hate summer school, this was my first time going and was better than I could have ever imagined."
