School Age Schedule Options

2025-2026

Regular Schedule

This option is best if your schedule doesn't change. This schedule requires a minimum of two days per week per program. For example: You need Monday, Wednesday, and Friday after care and/or Tuesday and Thursday before care. You are only allowed two (2) permanent schedule changes per school year. More than two (2) schedule changes in a school year will incur a \$25 fee per change. We require 5 business days processing time for starting a program and any schedule changes. Trading or switching of days is not allowed. Adding days is permitted at the Director's discretion. Payment is due on the 25th of the month preceding care.

Pick Your Days

This option is best for those whose schedule changes monthly but you know your schedule at least a month in advance. Those needing eight or more days per program will be charged the regular rate. Those calendars with less than eight days per program will be charged \$1.50 more per day per program. Trading, switching, or canceling of days is not allowed once preceding care billing statements are released. Adding days is allowed at the Director's discretion. Payment is due on the 25th of the month preceding care.

Drop In

This option is best if you only need occasional care, care for a short period of time, your days of the week change every week and you don't know your schedule at least a month ahead of time, or you just need to add a day. You must submit a request at least 24 hours in advance to make sure there is adequate staffing and supplies available for your child to safely attend. This option provides more flexibility but the program may be full on a day needed. Once a day is approved and reserved, you will be charged for that day regardless of your child's attendance. This is because we have staffed and planned for your child to attend based on your reservation.
