

PARENT & FAMILY

Engagement Plan

Revised July 16, 2025

Progress is our only option if GREATNESS
is our portion.

What is Title I?

Northeast High School is identified as a Title I school as part of the Every Student Succeeds Act (ESSA). Title I is designed to support State and local school reform efforts tied to challenging State academic standards to improve teaching and learning for students. Title I programs must be based on effective means of improving student achievement and include strategies to support family engagement. All Title I schools must jointly develop with parents and family members a written parent and family engagement plan and schoolwide plan to strengthen student academic achievement.

School-Parent Compact

As part of this Plan, the School-Parent Compact is jointly developed by teachers, parents, and students. The purpose of the Compact is to show how all will work together to ensure that all students are successful. The Compact is reviewed and updated annually based on feedback from parents, students, and teachers. The School-Parent Compact is kept as a reminder of the agreement. Teachers will keep a copy on file copy if additional copies are requested by parents.

What is the purpose of the plan? This Plan describes how Northeast High School provides various opportunities to improve family engagement to support student learning. Northeast values the contributions and involvement of parents and family members to establish an equal partnership for the common goal of improving student achievement. Parents and family members are encouraged to assist with the planning of activities that will promote student success.

How is the plan developed?

Northeast High School invited all parents and family members to attend the annual Title I Family and Community Engagement (FACE) Forum in the spring to review and revise this Plan, the Schoolwide Plan, School-Parent Compact and family engagement budget. These meetings are scheduled at convenient times. Feedback received will be used to revise the plan for the next school year. We also distribute an annual survey to ask families for their suggestions on the Plan and use of funds for family engagement.

Who is the plan for?

All students participating in the Title I program and their families are encouraged and invited to fully participate in the opportunities described in this Plan. Northeast High will provide an equal opportunity for the participation of parents and family members with limited English, with disabilities, and of migratory children.

Where is the plan available?

The Plan will be posted on the school website and social media. The plan will be available and discussed throughout the school year at parent events and other workshops.

PARENT & FAMILY ENGAGEMENT PLAN FY26

How will we support student success?

Northeast High School (NHS) will take the following measures to promote and support parents and family members as an important foundation of the school.

We will--

- Ensure that all information related to school and parent programs, meetings, and other activities is timely and published in both English and Spanish, as needed. An interpreter is available for events and meetings upon request.
- Communicate with all families and the community on a regular basis about school meetings and events by mail, flyers, and phone calls and the district/school website as appropriate.
- Conduct staff development on family engagement practices and effective strategies for staff to work with parents as equal partners. During regular staff professional development meetings, with the assistance of parents, we will discuss useful strategies and helpful communication tips, ensuring that we keep the importance of engaging parents as a way of strategically planning for student success.
- Partner with community programs to coordinate and integrate family engagement activities to support the full participation of parents in their child's education. We will host events for our families to prepare both our upcoming and graduating students as they transition from one educational level to the next.
- Provide necessary materials and training for parent to work with their children to improve their children's achievement. During our curriculum workshops, we will present useful information on the state standards and local/state assessments. On our school's webpage, we will display helpful tips, tutoring schedules, and resources on how parents can engage successfully with their children at home.
- Collect feedback from parents and family members at all events to respond to requests for additional support for family engagement activities.
- Submit parent feedback about any part of this Plan and Schoolwide Plan, both positive and negative, to the Title I office.

NHS will host the following events for parents and family members to strengthen family engagement--
