Play-Dough Recipe

Ingredients:

2 cups flour

1/2 cup salt

4 tblsp. cream of tarter

(1/4 cup, 1.5 oz. container)

2 cups of water

food coloring

2 tblsp. oil

Mix all dry ingredients in a large pot. Add the liquid with the color already dissolved in it (dissolve color in water, then add oil). Cook over medium to high heat until it comes away from the side of the pot and is no longer slimy. This happens rather suddenly. The dough is impossible to stir at this point and it's almost like you are frying it by flipping it. Turn out onto a flat surface. Let cool for a few minutes. Knead play dough to mix it thoroughly. Cool completely. Place in zip-type bag, but DO NOT CLOSE until it is completely cool.
