

Pocono Mountain School District

Gr. K-5 CHROMEBOOK LOGIN INSTRUCTIONS

Every student in grades K-5 can access one of the district Chromebooks by signing in using their PMSD Google email address, which is created by the district.

Open the Chromebook and power it up.
Make sure that you're connected to your home wireless network.

The login screen will look similar to this

Enter the following information:

Sample Student:

Jane Smith
ID # 123456

Username:

123456@students.pmsd.org

Password:

Js=12345

Please note the following:

You must type your child's ID #, followed by **@students.pmsd.org**, as shown in the example above. **When entering the password, you MUST use your child's first initial** *(the first initial needs to be an uppercase letter)* and last initial, the equal sign, and the **first five digits** of your child's ID #.

***Once you have successfully logged in, if your Wi-Fi is password-protected, you will most likely need to enter the password for the Chromebook to connect to the internet.
