Together We Soar

Counseling & Career Newsletter

SCHOOL COUNSELOR TALK!

Focusing on the theme “Charting the Course to Excellence: Believe, Lead, and Succeed” now that students are back in the swing of school life. We will begin classroom school counseling and career sessions in all Social Studies and Science classes starting this month. Please feel free to contact us if needed. We look forward to working with you and your child.

Communication between home and school is essential. Parents continue to help ensure your child finds success this year, here are some things to consider.

- **Communicate with your child’s teachers** – ask your child questions, clarify classwork and homework expectations, attend the open house, inform teachers of anything happening at home that may affect your child at school.
- **Communicate with your child** – remember to ask your child about his/her school day, their homework, their friends, and anything else they wish to share with you.
- **Parents, get involved** – at FMS, there are a variety of ways that both parents and students can be involved.
- **Students, get involved** – In addition, we urge our students to also get involved in extracurricular activities such as sports teams, clubs, ambassadors, etc. Your child will have an even greater experience in middle school by discovering his/her likes and passions through these activities.

GRIFFIN CAREER CORNER: HELPING STUDENTS EXPLORE THEIR FUTURE, ONE STEP AT A TIME

Message from the Career Specialist

Welcome scholars and families! Our goal is to help students discover their interests, explore career opportunities, and prepare for a bright and successful future. Each month, we’ll share career insights, resources, and activities to spark curiosity and guide students along their journey.

Student Activity

Try this: Write down three jobs you find interesting and one reason why. Share with a family member or teacher and ask them how those careers connect to what you’re learning in school.

Skill of the Month

Teamwork. No matter what career you choose, working well with others is essential. Practice listening, sharing ideas, and supporting your classmates in group projects.

Family Talk

Parents and guardians, talk with your child about your own career journey. Share what you do each day, what you like about your job, and what you wish you knew when you were younger. These conversations build confidence and open doors for exploration.
