

Help a Child Love Reading & Learning!

One Child. One Tutor.

Two Lives Changed Forever.

Oasis Intergenerational Tutoring pairs volunteers with children in grades K-3 to work one-on-one as their tutors, mentors and friends.

Wadsworth City Schools is inviting community volunteers to join the program. You will work with the same child each week throughout the school year. Training is provided. You can tutor one child or several on a one-on-one basis each week throughout the school year. Since 1989, Oasis tutors have been helping children build reading skills, self-esteem, and a positive attitude toward literacy.

*Share your love of reading
by volunteering as an
Oasis Tutor!*

How do I become a tutor?

Visit <https://tutoring.oasisnet.org/for-tutors/> and we will get you signed up for an upcoming training. Once you have completed training, you will meet with the same child once a week throughout the school year. Your student and their teacher will understand time away for vacation, illness, or unforeseen events.

What age are the children?

The program is designed for children in grades K-3, a critical period for developing reading and language skills.

Where and when will I tutor?

You may choose one of our participating schools where you prefer to tutor. Your school district's Oasis facilitator will help you find a time during the school day for your weekly tutoring sessions.

What training will I receive?

Tutors complete training based on a proven six-part plan of activities that include talking, reading and writing. You'll learn ways to draw out the child's experiences and create simple stories that form the basis for reading activities. You may also attend tutor meetings for continued development and opportunities to share your successes and challenges with other tutors.
