

**Lakeland Hills
Family YMCA**

ALL NEW!

Science & Art Studio Classes & Programs

In Our State-of-the-Art Lab

Pre-K Beginner Digital Art Class (Ages 4-5)

Kids will gain early computer experience in a fun class focused on coloring and painting applications. They'll learn through games, challenges, and free drawing activities!

Pre-K Intro to Computer Gaming (Ages 4-5)

Kids will learn computer basics through fun games and improve their keyboard and mouse skills with instructor assistance.

Scratch Coding STEM (7-12 yrs)

Join our Scratch Coding class to learn coding through instruction, games, and creative projects!

Tinkercad Design STEM (Ages 7-12)

Join our STEM Tinkercad Design class for fun creations and endless possibilities! Kids will design various objects while learning about design, measurement, and placement.

App Creation & Design STEM (Ages 7-12)

New App Creation and Design Class! Kids will work to build their own app, and learn what goes into creating fun to play apps!

Canva Design Computer Class (Ages 7-12)

Kids will learn to use Canva for editing and design, with instructors offering challenges to create posters, fliers, and more!
