Re: Safe Firearm Storage Notification Requirements

Dear Dr. Alward:

Beginning on October 1, 2025, public school districts, intermediate school districts, and public school academies are required on an annual basis to disseminate to the parent or legal guardian of each student the safe firearm storage informational notices created by the Michigan Department of Health and Human Services (“MDHHS”). The Revised School Code provides in pertinent part:

Beginning October 1, 2025, and every October 1 thereafter, the board of a school district or intermediate school district, the board of directors of a public school academy, or the governing body of a nonpublic school shall distribute the informational notice developed under section 1313a to the parent or legal guardian of each student enrolled in the school district, intermediate school district, public school academy, or nonpublic school. The informational notice may be distributed electronically or by mail. [MCL 380.1313b(1).]

Thus, school districts, intermediate school districts, and public school academies must mail or email the notices developed by MDHHS to each student’s parent or legal guardian beginning October 1, 2025, and each October 1 thereafter. The MDHHS informational notices are available at the following links:

- [What is the Secure Storage Law in Michigan?](#)
- [Safe Storage Notice](#)

The Revised School Code also requires public school districts, intermediate school districts, and public school academies to post on their websites a link to the MDHHS webpage that hosts multiple language versions of the safe storage notices listed above. *See* MCL 380.1313b(3). The MDHHS webpage hosting the multiple language versions of the notices is located at:
