

CELL PHONE AND PERSONAL COMMUNICATION DEVICES EXPECTATIONS AND GUIDELINES

Students are prohibited from displaying OR using personal communication devices during the school day.

There should be no cell phones or personal communication devices from the beginning to the end of instructional time — including hallways, classrooms, time between classes, lunchrooms or breaks.

- This includes smart watches, personal laptops, tablets, and other electronic personal communication devices.
- Cell phones or personal communication devices should not be used as a classroom instructional tool.
- From the beginning of the school day to the end of the school day, no phones or personal communication devices are allowed.
- For the purposes of this policy, school day means the period from the official start of the instructional day until the official end of the instructional day. This includes, but is not limited to instructional times, mealtimes, breaks, and times between classes.
- Phones or personal communication devices may be used before the beginning of the instructional day and after the end of the instructional day.

Thank you for your cooperation.
