MANAGEMENT'S DISCUSSION AND ANALYSIS

The management of the DeSoto County District School Board has prepared the following discussion and analysis to provide an overview of the District's financial activities for the fiscal year ended June 30, 2024. The information contained in the Management's Discussion and Analysis (MD&A) is intended to highlight significant transactions, events, and conditions and should be considered in conjunction with the District's financial statements and notes to financial statements found immediately following the MD&A.

FINANCIAL HIGHLIGHTS

Key financial highlights for the 2023-24 fiscal year are as follows:

- As of June 30, 2024, the assets and deferred outflows of resources exceed the liabilities and deferred inflows of resources by \$22.6 million.
- In total, net position decreased \$4.1 million, which represents a 15.3 percent decrease over the 2022-23 fiscal year.
- General revenues total \$63.5 million, or 95 percent of all revenues. Program specific revenues in the form of charges for services, operating grants and contributions, and capital grants and contributions total \$3.3 million, or 5 percent of all revenues.
- Expenses total \$70.9 million. Only \$3.31 million of these expenses was offset by program specific revenues, with the remainder paid from general revenues.
- At the end of the current fiscal year, the fund balance of the General Fund totals \$13.7 million, which is \$2.4 million more than the prior fiscal year balance. The General Fund assigned and unassigned fund balances total \$11.5 million, or 26.7 percent of total General Fund revenues.

OVERVIEW OF FINANCIAL STATEMENTS

The basic financial statements consist of three components: (1) government-wide financial statements; (2) fund financial statements; and (3) notes to financial statements. This report also includes supplementary information intended to furnish additional details to support the basic financial statements.

Government-Wide Financial Statements

The government-wide financial statements provide both short-term and long-term information about the District's overall financial condition in a manner similar to those of a private-sector business. The statements include a statement of net position and a statement of activities that are designed to provide consolidated financial information about the governmental activities of the District presented on the accrual basis of accounting. The statement of net position provides information about the District's financial position, its assets, liabilities, and deferred inflows/outflows of resources, using an economic resources measurement focus. Assets plus

deferred outflows of resources, less liabilities and deferred inflows of resources, equals net position, which is a measure of the District's financial health. The statement of activities presents information about the change in the District's net position, the results of operations, during the fiscal year. An increase or decrease in net position is an indication of whether the District's financial health is improving or deteriorating.

All of the District's activities and services are reported in the government-wide financial statements as governmental activities. The District's governmental activities include instruction, student support services, instructional support services, administrative support services, facility maintenance, transportation, and food services. Property taxes and State revenues finance most of these activities. Additionally, all capital and debt financing activities are reported as governmental activities.

Fund Financial Statements

Fund financial statements are one of the components of the basic financial statements. A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The District uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements and prudent fiscal management. Certain funds are established by law while others are created by legal agreements, such as bond covenants. Fund financial statements provide more detailed information about the District's financial activities, focusing on its most significant or "major" funds rather than fund types. This is in contrast to the entitywide perspective contained in the government-wide statements. All of the District's funds are classified as governmental funds.

Governmental Funds: Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in assessing a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental funds balance sheet and the governmental funds statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The governmental funds balance sheet and statement of revenues, expenditures, and changes in fund balances provide detailed information about the District's most significant funds. The District's major funds are the General Fund, Special Revenue – Other Federal Programs Fund, Special Revenue – Federal Education Stabilization Fund, and Capital Projects – Local Capital

Improvement Fund. Data from the other governmental funds are combined into a single, aggregated presentation.

The District adopts an annual appropriated budget for its governmental funds. A budgetary comparison schedule has been provided for the General and major Special Revenue Funds to demonstrate compliance with the budget.

Notes to Financial Statements

The notes provide additional information that is essential for a full understanding of the data provided in the government-wide and fund financial statements.

Other Information

In addition to the basic financial statements and accompanying notes, this report also presents required supplementary information concerning the District's total other postemployment benefits (OPEB) and net pension liabilities.

GOVERNMENT-WIDE FINANCIAL ANALYSIS

As noted earlier, net position over time may serve as a useful indicator of a government's financial health. The following is a summary of the District's net position as of June 30, 2024, compared to net position as of June 30, 2023:

Net Position, End of Year

	Governmental Activities	
	6-30-24	6-30-23
Current and Other Assets	\$ 21,778,682.22	\$ 22,407,655.59
Capital Assets	35,076,242.47	33,526,923.12
Total Assets	56,854,924.69	55,934,578.71
Deferred Outflows of Resources	8,853,682.02	10,173,008.00
Long-Term Liabilities	36,995,205.42	34,863,492.80
Other Liabilities	509,039.80	2,108,372.67
Total Liabilities	37,504,245.22	36,971,865.47

Net Position:		
Net Investment in Capital Assets	34,983,248.47	33,343,091.12
Restricted	7,216,822.39	15,361,752.88
Unrestricted (Deficit)	(19,583,882.25)	(22,252,634.76)
Total Net Position	\$ 22,616,188.61	\$ 26,452,209.24

The largest portion of the District's net position is investment in capital assets (e.g., land; buildings; furniture, fixtures, and equipment), less any related debt still outstanding. The District uses these capital assets to provide services to students; consequently, these assets are not available for future spending. Although the investment in capital assets is reported net of related debt, the resources used to repay the debt must be provided from other sources, since the capital assets cannot be used to liquidate these liabilities.

The restricted portion of the District's net position represents resources that are subject to external restrictions on how they may be used. The deficit unrestricted net position was the result, in part, of accruing \$3,044,848 in net pension liability.

The key elements of the changes in the District's net position for the fiscal years ended June 30, 2024, and June 30, 2023, are as follows:

The largest revenue source is the State of Florida (45 percent). Revenues from State sources for current operations are primarily received through the Florida Education Finance Program (FEFP) funding formula. The FEFP funding formula utilizes student enrollment data and is designed to maintain equity in funding across all Florida school districts, taking into consideration the District's funding ability based on the local property tax base.

Instruction expenses represent 47 percent of total governmental expenses in the 2023-24 fiscal year. Instruction increased decreased by \$4.1 million, or 13.8 percent, from the previous fiscal year mainly due to an increase in net pension expense and additionally by teacher salary and benefit increases covered by the district.

FINANCIAL ANALYSIS OF THE DISTRICT'S FUNDS

Governmental Funds

The focus of the District's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the District's financing requirements. Specifically, unassigned fund balance may serve as a useful measure of a government's net resources available for discretionary use as it represents the portion of fund balance that has not been limited to a particular purpose by an external party, the District, or a group or individual delegated authority by the Board to assign resources for particular purposes.

The total fund balances of governmental funds decreased by \$0.6 million during the fiscal year to \$19.7 million at June 30, 2024. Of the total fund balance, \$8.9 million is unassigned fund balance, which is available for spending at the District's discretion; \$0.1 million is nonspendable; \$7.2 million is restricted; and \$3.3 million is assigned.

Major Governmental Funds

The General Fund is the District's chief operating fund. At the end of the current fiscal year, assigned fund balance is \$2.5 million and unassigned fund balance is \$8.9 million, while the total fund balance is \$13.8 million. As a measure of the General Fund's liquidity, it may be useful to compare the total assigned and unassigned fund balances to General Fund total revenues. The total assigned and unassigned fund balance of \$11.5 million is 26.7 percent of total General Fund revenues, while total fund balance represents 31.9 percent of total General Fund revenues. Total fund balance increased by \$2.43 million mainly due to an increase in investment income and reimbursement of Hurricane Ian expenditures.

The Special Revenue – Other Federal Programs Fund has total revenues and expenditures of \$7 million each and the funding was mainly used for salaries and related benefits for instructional staff. Because grant revenues are not recognized until expenditures are incurred, this fund generally does not accumulate a fund balance.

The Special Revenue – Federal Education Stabilization Fund has total revenues and expenditures of \$8.5 million each and the funding was mainly used for retention stipends, purchase of equipment & instructional materials, and salaries & related benefits for instructional staff. Because grant revenues are not recognized until expenditures are incurred, this fund generally does not accumulate a fund balance.

The Capital Projects – Local Capital Improvement Fund has a total fund balance of \$2.7 million, which is restricted for educational capital outlay needs, including new construction, renovations, and remodeling projects.

GENERAL FUND BUDGETARY HIGHLIGHTS

During the 2023-2024 fiscal year, the District amended its General Fund budget several times, which resulted in an increase in total budgeted revenues of \$0.03 million. At the same time, final appropriations decreased \$1.9 million.

Actual revenues are in line with the final budgeted amounts while actual expenditures are \$10.14 million, less than final budget amounts. The decrease in expenditures was primarily due to unrealized expectations of filling vacancies; unspent funds in paving, services, and supplies; unspent funds in technology software and equipment acquisition; strategic use of grant and ESSER funds; and continued cost containment measures implemented by the District. The actual ending fund balance exceeded the estimated fund balance contained in the final amended budget by \$10.2 million.

CAPITAL ASSETS AND LONG-TERM DEBT

Capital Assets

The District's investment in capital assets for its governmental activities as of June 30, 2024, is \$34.9 million (net of accumulated depreciation). This investment in capital assets includes land; construction in progress, improvements other than buildings; buildings and fixed equipment; furniture, fixtures, and equipment; motor vehicles; and audio visual materials and computer software.

Additional information on the District's capital assets can be found in Notes I.F.3. and II.B. to the financial statements.

Long-Term Debt

At June 30, 2024, the District had total long-term debt outstanding of \$92,994 in bonds payable. The revenue bonds are secured by sales tax proceeds. During the current fiscal year, the District retired existing debt in the amount of 90,838. Additional information on the District's long-term debt can be found in Note II.G. to the financial statements.

OTHER MATTERS OF SIGNIFICANCE

Historically, the District's FTE students has been stable with no real growth or reduction. The District's FTE students are expected to continually decline over the next 10 years as more students have access to the Family Empowerment Scholarship. In addition, enrollment numbers for homeschool students have increased. Estimates for student enrollment show an increase projected over the next several school years, however this is inclusive of the Family Empowerment Scholarship students. This increase in enrollment estimate is elusive as the number of traditional, in-person students, continue to decline.

Employer's Florida Retirement System contribution rates will increase for regular employees from 13.57 percent for the 2024-25 fiscal year to 13.63 percent for the 2024-25 fiscal year.

The District has elected to move from a fully-insured health insurance program to a self-insured program for the 2024-25 fiscal year.

The elimination of the Elementary & Secondary School Emergency Relief Fund American Rescue Plan funding will require the district to continue to be strategic in spending decisions as \$27 million in grant funding comes to an end.

REQUESTS FOR INFORMATION

This report is designed to provide a general overview of the District's finances for all those with an interest in the District's finances. Questions concerning information provided in the MD&A or other required supplementary information, and financial statements and notes thereto, or requests for additional financial information should be addressed to the Superintendent of Schools, DeSoto County District School Board, 530 LaSolona Avenue, Arcadia, Florida 34266.

RECONCILIATION OF THE GOVERNMENTAL FUNDS BALANCE SHEET
TO THE GOVERNMENT-WIDE STATEMENT OF NET POSITION
For the Fiscal Year Ended June 30, 2024**

Total Fund Balances - Governmental Funds

Amounts reported for *governmental activities* in the statement of net position are different because:

Capital assets, net of accumulated depreciation, used in governmental activities are not financial resources and, therefore, are not reported as assets in the governmental funds.

The deferred outflows of resources and the deferred inflows of resources related to pensions and other post-employment benefits (OPEB) are applicable to future periods and therefore, are not reported in the governmental funds.

Deferred Outflows Related to Pensions	8,637,794.02
Deferred Outflows Related to OPEB	215,888.00
Deferred Inflows Related to Pensions	(3,070,287.35)
Deferred Inflows Related to OPEB	(611,933.00)
	<hr/>

Long-term liabilities are not due and payable in the current period and, therefore are not reported as liabilities in the governmental funds. Long term liabilities consist of:

RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES
AND CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS TO THE
GOVERNMENT-WIDE STATEMENT OF ACTIVITIES
For the Fiscal Year Ended June 30, 2023**

Net Change in Fund Balances - Governmental Funds	(747,256.86)
Amounts reported for <i>governmental activities</i> in the statement of activities are different because:	
Governmental funds report capital outlays as expenditures; however, in the statement of activities, the cost of those assets is allocated over their estimated useful lives as a depreciation expense. This is the amount of depreciation expense in excess of capital outlays in the current period.	1,895,706.34
Bond proceeds provide current financial resources to governmental funds, but issuing debt increases long-term liabilities in the statement of net position. Repayment of bond principal is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the statement of net position.	90,838.00
The purchases method is used to account for inventory, except for donated foods which are reported under the consumption method in the government funds, while in the government-wide statements, inventories are accounted for under the consumption method.	159,264.77
In the statement of activities, the cost of compensated absences is measured in the amounts earned during the year, while in the governmental funds, expenditures are recognized on the amounts actually paid for compensated absences. This is the net amount of the compensated absences earned in excess of the amount used in the current fiscal year.	(107,152.64)
Governmental funds report District OPEB contributions as expenditures. However, in the statement of activities, the cost of OPEB benefits earned net of employee contributions, as determined through an actuarial valuation, is reported as an OPEB expense.	(224,991.00)
Governmental funds report District pension contributions as expenditures. However, in the statement of activities, the cost of pension benefit earned net of employee contributions is reported as a pension expense.	
Increase in Pension Liability	(3,044,848.26)
Decrease in Deferred Outflows of Resources - Pension	(1,334,980.98)
Increase in Deferred Inflows of Resources - Pension	(797,232.35)

NOTES TO FINANCIAL STATEMENTS

I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Description of Government-Wide Financial Statements

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the nonfiduciary activities of the DeSoto County School District (District). Governmental activities are normally supported by taxes, intergovernmental revenues, and other nonexchange transactions.

The statement of activities presents a comparison between direct expenses and program revenues for each function or program of the District's governmental activities. Direct expenses are those that are specifically associated with a service, program, or department and are thereby clearly identifiable to a particular function. Depreciation expense is not readily associated with a particular function and is reported as unallocated.

B. Reporting Entity

The DeSoto County District School Board (Board) has direct responsibility for operation, control, and supervision of District schools and is considered a primary government for financial reporting. The District is considered part of the Florida system of public education, operates under the general direction of the Florida Department of Education (FDOE), and is governed by State law and State Board of Education (SBE) rules. The governing body of the District is the Board, which is composed of five elected members. The elected Superintendent of Schools is the executive officer of the Board. Geographic boundaries of the District correspond with those of DeSoto County.

Criteria for determining if other entities are potential component units that should be reported within the District's basic financial statements are identified and described in the Governmental Accounting Standards Board's (GASB) *Codification of Governmental Accounting and Financial Reporting Standards*, Sections 2100 and 2600. The application of these criteria provides for identification of any legally separate entities for which the Board is financially accountable and other organizations for which the nature and significance of their relationship with the Board are such that exclusion would cause the District's basic financial statements to be misleading. Based on these criteria, no component units are included within the District's reporting entity.

C. Basis of Presentation: Government-Wide Financial Statements

While separate government-wide and fund financial statements are presented, they are interrelated. The governmental activities column incorporates data from governmental funds. Separate financial statements are provided for governmental funds

The effects of interfund activity have been eliminated from the government-wide financial statements except for interfund services provided and used.

D. Basis of Presentation: Fund Financial Statements

The fund financial statements provide information about the District's funds. Separate statements for each governmental fund category are presented. The emphasis of fund financial statements is on major governmental and each is displayed in a separate column. All remaining governmental and enterprise funds are aggregated and reported as nonmajor funds.

The District reports the following major governmental funds:

- General Fund – to account for all financial resources not required to be accounted for in another fund and for certain revenues from the State that are legally restricted to be expended for specific current operating purposes
- Special Revenue – Other Fund – to account for certain Federal grant program resources.
- Special Revenue – Federal Education Stabilization Fund – to account for certain Federal grant program resources provided as emergency relief to address the impact of COVID-19 on elementary and secondary schools.
- Capital Projects – Local Capital Improvement Fund – to account for the financial resources generated by the local capital improvement tax levy to be used for educational capital outlay needs, including new construction, renovation and remodeling projects, new and replacement equipment, motor vehicle purchases.

During the course of operations, the District has activity between funds for various purposes. Any residual balances outstanding at fiscal year-end are reported as due from/to other funds. While these balances are reported in fund financial statements, certain eliminations are made in the preparation of the government-wide financial statements. Further, certain activity occurs during the year involving transfers of resources between funds. In fund financial statements, these amounts are reported at gross amounts as transfers in and out. While reported in fund financial statements, certain eliminations are made in the preparation of the government-wide financial statements. Transfers between the funds included in governmental activities are eliminated in the preparation of the government-wide financial statements.

E. Measurement Focus and Basis of Accounting

The accounting and financial reporting treatment is determined by the applicable measurement focus and basis of accounting. Measurement focus indicates the type of resources being measured such as current financial resources or economic resources. The basis of accounting indicates the timing of transactions or events for recognition in the financial statements.

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recognized when earned and expenses are recognized when a liability is incurred, regardless of the timing of the related cash flows. Property taxes are recognized in the year for which they are levied. Revenues from grants, entitlements, and donations are recognized as soon as all eligibility requirements imposed by the provider have been met.

The governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues, except for certain grant revenues, are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the District considers revenues to be available if they are collected within 30 days of the end of the current fiscal year. When grant terms provide that the expenditure of resources is the prime factor for determining eligibility for Federal, State, and other grant resources, revenue is recognized at the time the expenditure is made. Entitlements are recorded as revenues when all eligibility requirements are met, including any time requirements, and the amount is received during the period or within the availability period for this revenue source within 30 days of year-end. Expenditures are generally recognized when the related fund liability is incurred, as under accrual accounting. However, debt service expenditures, claims and judgments, pension benefits, other post-employment benefits, and compensated absences, are only recorded when payment is due. General capital asset acquisitions are reported as expenditures in governmental funds. Issuance of long-term debt and acquisitions under leases are reported as other financing sources. Allocations of cost, such as depreciation, are not recognized in governmental funds.

F. Assets, Liabilities, Deferred Outflows/Inflows of Resources, and Net Position/Fund Balance

1. Cash and Cash Equivalents

The District's cash and cash equivalents are considered to be cash on hand, demand deposits, and short-term liquid investments with original maturities of 3 months or less from the date of acquisition. Investments classified as cash equivalents include amounts placed with the Florida Cooperative Liquid Assets Securities System (FLCLASS) and the Florida Fixed Income Trust (FIT) authorized under Section 218.415.

Cash deposits are held by banks qualified as public depositories under Florida law. All deposits are insured by Federal depository insurance, up to specified limits, or collateralized with securities held in Florida's multiple financial institution collateral pool as required by Chapter 280, Florida Statutes.

2. Inventories

Inventories consist of expendable supplies held for consumption in the course of District operations. Inventories are stated at cost on the first-in, first-out basis (or, if applicable, last invoice, which approximates the first-in, first-out basis), except that United States Department of Agriculture donated foods are stated at their fair value as determined at the time of donation to the District's food service program by the Florida Department of Agriculture and Consumer

Services, Bureau of Food Distribution. The costs of inventories are recorded as expenditures when used rather than purchased.

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both the government-wide and fund financial statements. The cost of prepaid items is recorded as expenditures at the time individual items are requisitioned for consumption.

3. Capital Assets

Expenditures for capital assets acquired or constructed for general District purposes are reported in the governmental fund that financed the acquisition or construction. The capital assets so acquired are reported at cost in the government-wide statement of net position but are not reported in the governmental fund financial statements. Capital assets are defined by the District as those costing more than \$1,000. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated assets are recorded at acquisition value at the date of donation.

Capital assets are depreciated (insert "or amortized" if intangible assets are reported) using the straight-line method over the following estimated useful lives.

<u>Description</u>	<u>Estimated Useful Lives</u>
Improvements Other Than Buildings	5 - 35 years
Buildings and Fixed Equipment	10 - 50 years
Furniture, Fixtures, and Equipment	3 - 15 years
Motor Vehicles	5 - 10 years
Lease Assets	3 - 15 years
Subscription-Based IT Arrangements	3 - 5 years
Audio Visual Materials and Computer Software	3 - 5 years

Current year information relative to changes in capital assets is described in a subsequent note.

4. Pensions

In the government-wide statement of net position, liabilities are recognized for the District's proportionate share of each pension plan's net pension liability. For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Florida Retirement System (FRS) defined benefit plan and the Health Insurance Subsidy (HIS) defined benefit plan and additions to/deductions from the FRS and the HIS fiduciary net position have been determined on the same basis as they are reported by the FRS and the HIS plans. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with benefit terms. Investments are reported at fair value.

The District's retirement plans and related amounts are described in a subsequent note.

5. Long-Term Liabilities

Long-term obligations that will be financed from resources to be received in the future by governmental funds are reported as liabilities in the government-wide statement of net position.

In the governmental fund financial statements, bonds and other long-term obligations are not recognized as liabilities until due.

Changes in long-term liabilities for the current year are reported in a subsequent note.

6. Deferred Outflows/Inflows of Resources

In addition to assets, the statement of net position reports a separate section for deferred outflows of resources. This separate financial statement element, *deferred outflows of resources*, represents a consumption of net assets that applies to a future period(s) and so will not be recognized as an outflow of resources (expense) until then. The District has two items that qualify for reporting in this category. The deferred outflows of resources related to pensions and OPEB are discussed in subsequent notes.

In addition to liabilities, the statement of net position reports a separate section for deferred inflows of resources. This separate financial statement element, *deferred inflows of resources*, represents an acquisition of net assets that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. The District has two items that qualify for reporting in this category. The deferred inflows of resources related to pensions and OPEB are discussed in subsequent notes.

7. Net Position Flow Assumption

The District occasionally funds outlays for a particular purpose from both restricted (e.g., restricted bond or grant proceeds) and unrestricted resources. To calculate the amounts to report as restricted net position and unrestricted net position in the government-wide financial statements, a flow assumption must be made about the order in which the resources are considered to be applied. Consequently, it is the District's policy to consider restricted net position to have been depleted before unrestricted net position is applied.

8. Fund Balance Flow Assumptions

The District may fund outlays for a particular purpose from both restricted and unrestricted resources (the total of committed, assigned, and unassigned fund balance). To calculate the amounts to report as restricted, committed, assigned, and unassigned fund balance in the governmental fund financial statements, a flow assumption must be made about the order in which the resources are considered to be applied. It is the District's policy to consider restricted fund balance to have been depleted before using any of the components of unrestricted fund balance. Further, when components of unrestricted fund balance can be used for the same purpose, committed fund balance is depleted first, followed by assigned fund balance. Unassigned fund balance is applied last.

9. Fund Balance Policies

Fund balance of governmental funds is reported in various categories based on the nature of any limitations requiring the use of resources for specific purposes. The District itself can establish limitations on the use of resources through either a commitment (committed fund balance) or an assignment (assigned fund balance).

The committed fund balance classification includes amounts that can be used only for the specific purposes determined by a formal action of the District's highest level of decision-making authority. The Board is the highest level of decision-making authority for the District that can, by adoption of a resolution prior to the end of the fiscal year, commit fund balance. Once adopted, the limitation imposed by the resolution remains in place until a similar action is taken (the adoption of another resolution) to remove or revise the limitation. The District reported no committed fund balances at June 30, 2024.

Amounts in the assigned fund balance classification are intended to be used by the District for specific purposes but do not meet the criteria to be classified as committed. As authorized in Board Policy 6235, the Superintendent has the authority to assign fund balance. The Board may also assign fund balance as it does when appropriating fund balance to cover a gap between estimated revenue and appropriations in the subsequent year's appropriated budget. Unlike commitments, assignments generally only exist temporarily. In other words, an additional action does not normally have to be taken for the removal of an assignment. Conversely, as discussed above, an additional action is essential to either remove or revise a commitment.

G. Revenues and Expenditures/Expenses

1. Program Revenues

Amounts reported as program revenues include charges paid by the recipient of the goods or services offered by the program and grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. All taxes, including those dedicated for specific purposes, and other internally dedicated resources are reported as general revenues rather than program revenues. Revenues that are not classified as program revenues are presented as general revenues. The comparison of direct expenses with program revenues identifies the extent to which each governmental function is self-financing or draws from the general revenues of the District.

2. State Revenue Sources

Significant revenues from State sources for current operations include the Florida Education Finance Program administered by the FDOE under the provisions of Section 1011.62, Florida Statutes. In accordance with this law, the District determines and reports the number of full-time equivalent (FTE) students and related data to the FDOE. The FDOE performs certain edit checks on the reported number of FTE and related data and calculates the allocation of funds to the District. The District is permitted to amend its original reporting during specified time periods following the date of the original reporting. The FDOE may also adjust subsequent fiscal period

allocations based upon an audit of the District's compliance in determining and reporting FTE and related data. Normally, such adjustments are treated as reductions or additions of revenue in the fiscal year when the adjustments are made.

The State provides financial assistance to administer certain educational programs. SBE rules require that revenue earmarked for certain programs be expended only for the program for which the money is provided, and require that the money not expended as of the close of the fiscal year be carried forward into the following fiscal year to be expended for the same educational programs. The FDOE generally requires that these educational program revenues be accounted for in the General Fund. A portion of the fund balance of the General Fund is restricted in the governmental fund financial statements for the balance of categorical and earmarked educational program resources.

The District received an allocation from the State under the School Hardening Grant program. The District is authorized to expend these funds only upon applying for and receiving an encumbrance authorization from the FDOE. Accordingly, the District recognizes the allocation of these funds as unearned revenue until such time as an encumbrance authorization is received.

A schedule of revenue from State sources for the current year is presented in a subsequent note.

3. District Property Taxes

The Board is authorized by State law to levy property taxes for district school operations, capital improvements, and debt service.

Property taxes consist of ad valorem taxes on real and personal property within the District. Property values are determined by the DeSoto County Property Appraiser, and property taxes are collected by the DeSoto County Tax Collector.

The Board adopted the 2023 tax levy on September 12, 2023. Tax bills are mailed in October and taxes are payable between November 1 of the year assessed and March 31 of the following year at discounts of up to 4 percent for early payment.

Taxes become a lien on the property on January 1 and are delinquent on April 1 of the year following the year of assessment. State law provides for enforcement of collection of personal property taxes by seizure of the property to satisfy unpaid taxes and for enforcement of collection of real property taxes by the sale of interest-bearing tax certificates to satisfy unpaid taxes. The procedures result in the collection of essentially all taxes prior to June 30 of the year following the year of assessment.

Property tax revenues are recognized in the government-wide financial statements when the Board adopts the tax levy. Property tax revenues are recognized in the governmental fund financial statements when taxes are received by the District, except that revenue is accrued for taxes collected by the DeSoto County Tax Collector at fiscal year end but not yet remitted to the District.

Millages and taxes levied for the current year are presented in a subsequent note.

4. Federal Revenue Sources

The District receives Federal awards for the enhancement of various educational programs. Federal awards are generally received based on applications submitted to, and approved by, various granting agencies. For Federal awards in which a claim to these grant proceeds is based on incurring eligible expenditures, revenue is recognized to the extent that eligible expenditures have been incurred. The FDOE may require adjustments to subsequent fiscal period expenditures and related revenues based upon an audit of the District's compliance with applicable Federal awards requirements. Normally, such adjustments are treated as reductions of expenditures and related revenues in the fiscal year when the adjustments are made.

5. Compensated Absences

In the government-wide financial statements, compensated absences (i.e., paid absences for employee vacation leave and sick leave) are accrued as liabilities to the extent that it is probable that the benefits will result in termination payments. A liability for these amounts is reported in the governmental fund financial statements only if it has matured, such as for occurrences of employee resignations and retirements. The liability for compensated absences includes salary-related benefits, where applicable.

II. DETAILED NOTES ON ALL ACTIVITIES AND FUNDS

A. Cash Deposits with Financial Institutions

Custodial Credit Risk. In the case of deposits, this is the risk that, in the event of the failure of a depository financial institution, the District will not be able to recover deposits or will not be able to recover collateral securities that are in the possession of an outside party. The District does not have a policy for custodial credit risk. All bank balances of the District are fully insured or collateralized as required by Chapter 280, Florida Statutes.

B. Investments

The District's investments at June 30, 2024, are reported as follows:

Investments	Maturities	Fair Value/NAV	Valuation Method
FLCLASS **	26 days	\$11,123,580.54	Net Assessed Value
Florida FIT Preferred Deposit Pool **	1 day	<u>\$ 2,023,926.90</u>	Fair Value
Total Investments		<u>\$13,147,507.44</u>	

** These investments are reported as cash equivalents for financial statement reporting purposes.

Interest Rate Risk

Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. The District does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses from increasing interest rates.

FLCLASS and the Florida FIT Preferred Deposit Pool use a weighted average days to maturity (WAM). A portfolio's WAM reflects the average maturity in days based on final maturity or reset date, in the case of floating rate instruments. WAM measures the sensitivity of the portfolio to interest rate changes.

C. Changes in Capital Assets

Changes in capital assets are presented in the following table.

Land Improvements	-	-	-	-

The District's capital assets serve multiple functions; however, depreciation expense is not allocated to the various functions on the statement of activities but is shown as unallocated depreciation expense.

D. Retirement Plans

1. FRS – Defined Benefit Pension Plans

General Information about the FRS

The FRS was created in Chapter 121, Florida Statutes, to provide a defined benefit pension plan for participating public employees. The FRS was amended in 1998 to add the Deferred Retirement Option Program (DROP) under the defined benefit plan and amended in 2000 to provide a defined contribution plan alternative to the defined benefit plan for FRS members effective July 1, 2002. This integrated defined contribution pension plan is the FRS Investment

Plan. Chapter 112, Florida Statutes, established the Retiree HIS Program, a cost-sharing multiple-employer defined benefit pension plan, to assist retired members of any State-administered retirement system in paying the costs of health insurance.

Essentially all regular employees of the District are eligible to enroll as members of the State-administered FRS. Provisions relating to the FRS are established by Chapters 121 and 122, Florida Statutes; Chapter 112, Part IV, Florida Statutes; Chapter 238, Florida Statutes; and FRS Rules, Chapter 60S, Florida Administrative Code; wherein eligibility, contributions, and benefits are defined and described in detail. Such provisions may be amended at any time by further action from the Florida Legislature. The FRS is a single retirement system administered by the Florida Department of Management Services, Division of Retirement, and consists of the two cost-sharing multiple-employer defined benefit plans and other nonintegrated programs. An annual comprehensive financial report of the FRS, which includes its financial statements, required supplementary information, actuarial report, and other relevant information, is available from the Florida Department of Management Services Web site (www.dms.myflorida.com).

The District's FRS and HIS pension expense totaled \$7,246,690 for the fiscal year ended June 30, 2024.

FRS Pension Plan

Plan Description. The FRS Pension Plan (Plan) is a cost-sharing multiple-employer defined benefit pension plan, with a DROP for eligible employees. The general classes of membership are:

- ***Regular*** – Members of the FRS who do not qualify for membership in the other classes.
- ***Elected County Officers*** – Members who hold specified elective offices in local government.
- ***Senior Management Service*** – Members in senior management level positions.

Employees enrolled in the Plan prior to July 1, 2011, vest at 6 years of creditable service and employees enrolled in the Plan on or after July 1, 2011, vest at 8 years of creditable service. All vested members, enrolled prior to July 1, 2011, are eligible for normal retirement benefits at age 62 or at any age after 30 years of service. Employees enrolled in the Plan may include up to 4 years of credit for military service toward creditable service. The Plan also includes an early retirement provision; however, there is a benefit reduction for each year a member retires before his or her normal retirement date. The Plan provides retirement, disability, death benefits, and annual cost-of-living adjustments to eligible participants.

The DROP, subject to provisions of Section 121.091, Florida Statutes, permits employees eligible for normal retirement under the Plan to defer receipt of monthly benefit payments while continuing employment with an FRS participating employer. An employee may participate in DROP for a period not to exceed 60 months after electing to participate, except that certain instructional personnel may participate for up to 96 months. During the period of DROP participation, deferred monthly benefits are held in the FRS Trust Fund and accrue interest. The net pension liability

does not include amounts for DROP participants, as these members are considered retired and are not accruing additional pension benefits.

Benefits Provided. Benefits under the Plan are computed on the basis of age and/or years of service, average final compensation, and service credit. Credit for each year of service is expressed as a percentage of the average final compensation. For members initially enrolled before July 1, 2011, the average final compensation is the average of the 5 highest fiscal years' earnings; for members initially enrolled on or after July 1, 2011, the average final compensation is the average of the 8 highest fiscal years' earnings. The total percentage value of the benefit received is determined by calculating the total value of all service, which is based on the retirement class to which the member belonged when the service credit was earned. Members are eligible for in-line-of-duty or regular disability and survivors' benefits. The following table shows the percentage value for each year of service credit earned:

<u>Class, Initial Enrollment, and Retirement Age/Years of Service</u>	<u>Percent Value</u>
Regular Members Initially Enrolled Before July 1, 2011	
Retirement up to age 62 or up to 30 years of service	1.60
Retirement at age 63 or with 31 years of service	1.63
Retirement at age 64 or with 32 years of service	1.65
Retirement at age 65 or with 33 or more years of service	1.68
Regular Members Initially Enrolled On or After July 1, 2011	
Retirement up to age 65 or up to 33 years of service	1.60
Retirement at age 66 or with 34 years of service	1.63
Retirement at age 67 or with 35 years of service	1.65
Retirement at age 68 or with 36 or more years of service	1.68
Elected County Officers	3.00
Senior Management Service	2.00

As provided in Section 121.101, Florida Statutes, if the member was initially enrolled in the Plan before July 1, 2011, and all service credit was accrued before July 1, 2011, the annual cost-of-living adjustment is 3 percent per year. If the member was initially enrolled before July 1, 2011, and has service credit on or after July 1, 2011, there is an individually calculated cost-of-living adjustment. The annual cost-of-living adjustment is a proportion of 3 percent determined by dividing the sum of the pre-July 2011 service credit by the total service credit at retirement multiplied by 3 percent. Plan members initially enrolled on or after July 1, 2011, will not have a cost-of-living adjustment after retirement.

Contributions. The Florida Legislature establishes contribution rates for participating employers and employees. Contribution rates during the 2023-24 fiscal year were as follows: Rates are obtained from the Florida Department of Management Services Web site at:

http://www.dms.myflorida.com/workforce_operations/retirement/employers/contribution_rates.

<u>Class</u>	<u>Percent of Gross Salary</u>	
	<u>Employee</u>	<u>Employer (1)</u>

FRS, Special Risk Administrative	3.00	39.82
DROP – Applicable to Members from All of the Above Classes	0.00	21.13
FRS, Reemployed Retiree	(2)	(2)

- (1) Employer rates include 1.66 percent for the postemployment health insurance subsidy. Also, employer rates, other than for DROP participants, include 0.06 percent for administrative costs of the Investment Plan.
- (2) Contribution rates are dependent upon retirement class in which reemployed.

The District's contributions to the Plan totaled \$ 2,847,780 for the fiscal year ended June 30, 2024.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions. At June 30, 2024, the District reported a liability of \$21,503,551 for its proportionate share of the Plan's net pension liability. The net pension liability was measured as of June 30, 2023, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of July 1, 2023. The District's proportionate share of the net pension liability was based on the District's 2022-23 fiscal year contributions relative to the total 2022-23 fiscal year contributions of all participating members. At June 30, 2023, the District's proportionate share was 0.00053965517 percent, which was a decrease of 0.00004174140 from its proportionate share measured as of June 30, 2022.

For the fiscal year ended June 30, 2023, the District recognized a Plan pension expense of \$4,307,250. In addition, the District reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

Differences Between Expected and Actual Experience	\$ 2,018,998	\$ -
Change of Assumptions	1,401,780	-
Net Difference Between Projected and Actual Earnings on FRS Pension Plan Investments	898,046	
Changes in Proportion and Differences Between District FRS Contributions and Proportionate Share of Contributions	729,177	1,361,353
District FRS Contributions Subsequent to the Measurement Date	2,847,780	-
Total	\$ 7,895,781	\$ 1,361,353

The deferred outflows of resources related to pensions resulting from District contributions to the Plan subsequent to the measurement date, totaling \$2,847,780, will be recognized as a reduction of the net pension liability in the fiscal year ending June 30, 2025. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows.

<u>Fiscal Year Ending June 30</u>	<u>Amount</u>
2025	\$ 501,299
2026	(292,096)
2027	3,383,619
2028	64,878
2029	28,948
Total	\$ 3,686,648

Actuarial Assumptions. The total pension liability in the July 1, 2023, actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	2.40 percent
Salary Increases	3.25 percent, average, including inflation
Investment Rate of Return	6.70 percent, net of pension plan investment expense, including inflation

Mortality rates were based on the PUB-2010 base table, projected generationally with Scale MP-2018.

The actuarial assumptions used in the July 1, 2024, valuation were based on the results of an actuarial experience study for the period July 1, 2013, through June 30, 2018.

The long-term expected rate of return on pension plan investments was not based on historical returns, but instead is based on a forward-looking capital market economic model. The allocation policy's description of each asset class was used to map the target allocation to the asset classes shown below. Each asset class assumption is based on a consistent set of underlying assumptions and includes an adjustment for the inflation assumption. The target allocation and best estimates of arithmetic and geometric real rates of return for each major asset class are summarized in the following table:

<u>Asset Class</u>	<u>Target Allocation (1)</u>	<u>Annual Arithmetic Return</u>	<u>Compound Annual (Geometric) Return</u>	<u>Standard Deviation</u>
Cash	1.0%	2.9%	2.9%	1.1%
Fixed Income	19.8%	4.5%	4.4%	3.4%
Global Equity	54.0%	8.7%	7.1%	18.1%
Real Estate	10.3%	7.6%	6.6%	14.8%
Private Equity	11.1%	11.9%	8.8%	26.3%
Strategic Investments	3.8%	6.3%	6.1%	7.7%
Total	100%			
Assumed inflation - Mean			2.4%	1.4%

(1) As outlined in the Plan's investment policy.

Discount Rate. The discount rate used to measure the total pension liability was 6.7 percent. The Plan's fiduciary net position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the discount rate for calculating the total pension liability is equal to the long-term expected rate of return. The discount rate changed from 6.8 percent to 6.7 percent

Sensitivity of the District's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate. The following presents the District's proportionate share of the net pension liability calculated using the discount rate of 6.7 percent, as well as what the District's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1 percentage point lower (5.7 percent) or 1 percentage point higher (7.7 percent) than the current rate:

	<u>1% Decrease (5.7%)</u>	<u>Current Discount Rate (6.7%)</u>	<u>1% Increase (7.7%)</u>
District's Proportionate Share of the Net Pension Liability	\$ 36,732,443	\$ 21,503,551	\$ 8,762,760

Pension Plan Fiduciary Net Position. Detailed information about the Plan's fiduciary net position is available in the separately issued FRS Pension Plan and Other State Administered Systems Annual Comprehensive Financial Report.

HIS Pension Plan

Plan Description. The HIS Pension Plan (HIS Plan) is a cost-sharing multiple-employer defined benefit pension plan established under Section 112.363, Florida Statutes, and may be amended by the Florida Legislature at any time. The benefit is a monthly payment to assist retirees of State-administered retirement systems in paying their health insurance costs and is administered by the Florida Department of Management Services, Division of Retirement.

Benefits Provided. For the fiscal year ended June 30, 2024, eligible retirees and beneficiaries received a monthly HIS payment of \$7.50 for each year of creditable service completed at the time of retirement, with a minimum HIS payment of \$45 and a maximum HIS payment of \$225 per month, pursuant to Section 112.363, Florida Statutes. To be eligible to receive a HIS Plan benefit, a retiree under a State-administered retirement system must provide proof of health insurance coverage, which may include Federal Medicare

Contributions. The HIS Plan is funded by required contributions from FRS participating employers as set by the Florida Legislature. Employer contributions are a percentage of gross compensation for all active FRS members. For the fiscal year ended June 30, 2024, the contribution rate was 2 percent of payroll pursuant to Section 112.363, Florida Statutes. The District contributed 100 percent of its statutorily required contributions for the current and preceding 3 years. HIS Plan contributions are deposited in a separate trust fund from which payments are authorized. HIS Plan benefits are not guaranteed and are subject to annual legislative appropriation. In the event the legislative appropriation or available funds fail to provide full subsidy benefits to all participants, benefits may be reduced or canceled.

The District's contributions to the HIS Plan totaled \$3,939,440 for the fiscal year ended June 30, 2024.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions. At June 30, 2024, the District reported a net pension liability of \$11,107,517 for its proportionate share of the HIS Plan's net pension liability. The current portion of the net pension liability is the District's proportionate share of benefit payments expected to be paid within 1 year, net of the District's proportionate share of the HIS Plan's fiduciary net position available to pay that amount. The net pension liability was measured as of June 30, 2023, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of July 1, 2023. The District's proportionate share of the net pension liability was based on the District's 2022-23 fiscal year contributions relative to the total 2022-23 fiscal year contributions of all participating members. At June 30, 2024, the District's proportionate share was 0.00069940705 percent, which was a decrease of 0.00004963932 from its proportionate share measured as of June 30, 2023.

For the fiscal year ended June 30, 2024, the District recognized the HIS Plan pension expense of \$3,939,440. In addition, the District reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

<u>Description</u>	<u>Deferred Outflows of Resources</u>	<u>Deferred Inflows of Resources</u>
Differences Between Expected and Actual Experience	\$ 162,606	\$ 26,071
Change of Assumptions	292,013	962,504
Net Difference Between Projected and Actual Earnings on HIS Pension Plan Investments	5,736	-
Changes in Proportion and Differences Between District HIS Contributions and Proportionate Share of Contributions	59,806	720,360
District HIS Contributions Subsequent to the Measurement Date	552,537	-
Total	\$ 1,072,699	\$ 1,708,934

The deferred outflows of resources related to pensions resulting from District contributions to the HIS Plan subsequent to the measurement date, totaling \$552,537, will be recognized as a reduction of the net pension liability in the fiscal year ending June 30, 2025. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

<u>Fiscal Year Ending June 30</u>	<u>Amount</u>
2025	\$ (222,529)
2026	(169,820)
2027	(189,513)
2028	(271,633)
2029	(182,037)
Thereafter	(5,801)
Total	\$ (1,041,333)

Actuarial Assumptions. The total pension liability in the July 1, 2023, actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	2.40 percent
Salary Increases	3.25 percent, average, including inflation
Municipal Bond Rate	3.65 percent

Mortality rates were based on the PUB-2010 base table, projected generationally with Scale MP-2018.

While an experience study had not been completed for the HIS Plan, the actuarial assumptions that determined the total pension liability for the HIS Plan were based on certain results of the most recent experience study for the FRS Plan.

Discount Rate. The discount rate used to measure the total pension liability was 3.65 percent. In general, the discount rate for calculating the total pension liability is equal to the single rate equivalent to discounting at the long-term expected rate of return for benefit payments prior to the projected depletion date. Because the HIS benefit is essentially funded on a pay-as-you-go basis,

the depletion date is considered to be immediate, and the single equivalent discount rate is equal to the municipal bond rate selected by the HIS Plan sponsor. The Bond Buyer General Obligation 20-Bond Municipal Bond Index was adopted as the applicable municipal bond index. The discount rate changed from 2.16 percent to 3.54 percent.

Sensitivity of the District's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate. The following presents the District's proportionate share of the net pension liability calculated using the discount rate of 3.65 percent, as well as what the District's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1 percentage point lower (2.65 percent) or 1 percentage point higher (4.65 percent) than the current rate

	1% Decrease (2.65%)	Current Discount Rate (3.65%)	1% Increase (4.65%)
District's Proportionate Share of the Net Pension Liability	\$ 12,671,943	\$ 11,107,517	\$ 9,810,712

Pension Plan Fiduciary Net Position. Detailed information about the HIS Plan's fiduciary net position is available in the separately issued FRS Pension Plan and Other State Administered Systems Annual Comprehensive Financial Report

2. FRS – Defined Contribution Pension Plan

The SBA administers the defined contribution plan officially titled the FRS Investment Plan (Investment Plan). The Investment Plan is reported in the SBA's annual financial statements and in the State's Annual Comprehensive Financial Report.

As provided in Section 121.4501, Florida Statutes, eligible FRS members may elect to participate in the Investment Plan in lieu of the FRS defined benefit plan. District employees participating in DROP are not eligible to participate in the Investment Plan. Employer and employee contributions, including amounts contributed to individual member's accounts, are defined by law, but the ultimate benefit depends in part on the performance of investment funds. Retirement benefits are based upon the value of the member's account upon retirement. Benefit terms, including contribution requirements, for the Investment Plan are established and may be amended by the Florida Legislature. The Investment Plan is funded with the same employer and employee contribution rates that are based on salary and membership class (Regular, Elected County Officers, etc.), as the FRS defined benefit plan. Contributions are directed to individual member accounts and the individual members allocate contributions and account balances among various approved investment choices. Costs of administering the Investment Plan, including the FRS Financial Guidance Program, are funded through an employer contribution of 0.06 percent of payroll and by forfeited benefits of Investment Plan members. Allocations to the Investment Plan member accounts during the 2023-24 fiscal year were as follows:

<u>Class</u>	<u>Percent of Gross Compensation</u>
FRS, Regular	11.30
FRS, Elected County Officers	16.34
FRS, Senior Management Service	12.67

For all membership classes, employees are immediately vested in their own contributions and are vested after 1 year of service for employer contributions and investment earnings, regardless of membership class. If an accumulated benefit obligation for service credit originally earned under the FRS Pension Plan is transferred to the Investment Plan, the member must have the years of service required for FRS Pension Plan vesting (including the service credit represented by the transferred funds) to be vested for these funds and the earnings on the funds. Nonvested employer contributions are placed in a suspense account for up to 5 years. If the employee returns to FRS-covered employment within the 5-year period, the employee will regain control over their account. If the employee does not return within the 5-year period, the employee will forfeit the accumulated account balance. For the fiscal year ended June 30, 2024, the information for the amount of forfeitures was unavailable from the SBA; however, management believes that these amounts, if any, would be immaterial to the District.

After termination and applying to receive benefits, the member may rollover vested funds to another qualified plan, structure a periodic payment under the Investment Plan, receive a lump-sum distribution, leave the funds invested for future distribution, or any combination of these options. Disability coverage is provided in which the member may either transfer the account balance to the FRS Pension Plan when approved for disability retirement to receive guaranteed lifetime monthly benefits under the FRS Pension Plan or remain in the Investment Plan and rely upon that account balance for retirement income.

The District's Investment Plan pension expense totaled \$3,939,440 for the fiscal year ended June 30, 2023

E. Other Postemployment Benefit Obligations

Plan Description. The Other Postemployment Benefits Plan (OPEB Plan) is a single-employer defined benefit plan administered by the District that provides OPEB for all employees who satisfy the District's retirement eligibility provisions. Pursuant to Section 112.0801, Florida Statutes, former employees who retire from the District are eligible to participate in the District's health and hospitalization plan for medical and prescription drug coverage. The District subsidizes the premium rates paid by retirees by allowing them to participate in the OPEB Plan at reduced or blended group (implicitly subsidized) premium rates for both active and retired employees. These rates provide an implicit subsidy for retirees because retiree healthcare costs are generally greater than active employee healthcare costs. The OPEB Plan contribution requirements and benefit terms of the District and the OPEB Plan members are established and may be amended through action from the

Board and the Insurance Committee. No assets are accumulated in a trust that meet the criteria in paragraph 4 of GASB Statement No. 75

Benefits Provided. The OPEB Plan provides healthcare and prescription drug benefits for retirees and their dependents. In addition to the implicit subsidy above, for retirees who accrue 20 years with no break in service with the District, the District pays the first year of premiums for the full amount of single coverage or 50 percent of the family coverage in the plan option selected. Retirees are not required to enroll in the Federal Medicare program in order to remain covered under the program; however, since the membership in Medicare Part A is automatic, the OPEB Plan pays as secondary for all eligible retirees, including eligible retirees that enroll in Medicare Part B. Retirees who change coverage to a Group Medicare option offered by the District (or other Medicare Advantage plan) upon first becoming eligible for the Medicare benefits may be eligible for a reimbursement of the Medicare Part B premium for that year.

Employees Covered by Benefit Terms. At June 30, 2022 the following employees were covered by the benefit terms:

Inactive Employees or Beneficiaries Currently Receiving Benefits	14
Active Employees	<u>535</u>
Total	<u><u>549</u></u>

Total OPEB Liability. The District's total OPEB liability of \$4,005,485 was measured as of June 30, 2022, and was determined by an actuarial valuation as of that date.

Actuarial Assumptions and Other Inputs. The total OPEB liability was determined using the following actuarial assumptions and other inputs, applied to all periods included in the measurement, unless otherwise specified:

Inflation	2.50 percent
Salary Increases	3.4 percent to 7.8 percent, average, including inflation
Discount Rate	3.69 percent
Healthcare Cost Trend Rates	Starting at 8 percent on October 1, 2022, (to reflect actual negotiated premiums), followed by 7.5 percent on October 1, 2023 and then gradually decreasing according to the Getzen Model to an ultimate trend rate of 4.00 percent in 2050.
Aging Factors	Based on the 2013 SOA Study "Health Care Costs – From Birth to Death."
Expenses	Administrative expenses are included in the per capita health costs.

The discount rate was based on the daily rate of Fidelity's 20-Year Municipal General Obligation AA Index closest to but not later than the measurement date.

Demographic assumptions employed in the actuarial valuation were the same as those employed in the July 1, 2022, actuarial valuation of the FRS Defined Benefit Pension Plan. These demographic assumptions were developed by FRS from an actuarial experience study, and therefore are appropriate for use in the OPEB Plan actuarial valuation. These include assumed rates of future termination, mortality, disability, and retirement. In addition, salary increase assumptions (for development of the pattern of the normal cost increases) were the same as those used in the July 1, 2022, actuarial valuation of the FRS Defined Benefit Pension Plan. Assumptions used in valuation of benefits for participants of the FRS Investment Plan are the same as for similarly situated participants of the FRS Defined Benefit Pension Plan.

OPEB Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB. For the fiscal year ended June 30, 2024, the District recognized an estimated OPEB expense of \$162,231. At June 30, 2024, the District reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources.

<u>Description</u>	<u>Deferred Outflows of Resources</u>	<u>Deferred Inflows of Resources</u>
Differences Between Expected and Actual Experience	\$	\$ 89,621.00

F. Other Significant Commitments

Encumbrances. Appropriations in governmental funds are encumbered upon issuance of purchase orders for goods and services. Even though appropriations lapse at the end of the fiscal year, unfilled purchase orders of the current year are carried forward and the next fiscal year's appropriations are likewise encumbered.

The following is a schedule of encumbrances at June 30, 2024:

<u>Major Funds</u>					
<u>General</u>	<u>Special Revenue - Other</u>	<u>Revenue - Federal Education Stabilization</u>	<u>Projects - Local Capital Improvemen</u>	<u>Nonmajor Governmental Funds</u>	<u>Total Governmental Funds</u>

G. Risk Management Programs

The District is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The District participates in a group self-insurance program administered by the Florida School Boards Association, Inc called the Florida School Board Insurance Trust (FSBIT). The District's covered risks relating to comprehensive property and liability insurance, general liability, workers' compensation, money and securities, employee fidelity and faithful performance, are included in the group program. Section 1001.42(12)(k), Florida Statutes, provides the authority for the District to enter into such a risk management program. The program is self-sustaining through member assessments (premiums) and purchases coverage through commercial companies for claims in excess of specified amounts

Health and hospitalization coverage is being provided through purchased commercial insurance with minimum deductibles for each line of coverage. Settled claims resulting from these risks have not exceeded commercial insurance coverage in any of the past 3 fiscal years

H. Long-Term Liabilities

1. Bonds Payable

Bonds payable at June 30, 2024, are as follows:

<u>Bond Type</u>	<u>Amount Outstanding</u>	<u>Interest Rate(s) (Percent)</u>	<u>Annual Maturity To</u>
District Revenue Bonds: Series 2012, Refunding	\$ 92,994	2.36	2025

The bonds were issued to finance capital outlay projects of the District. The following is a description of the bonded debt issues:

District Revenue Bonds

These bonds are authorized by Chapter 78-947, Laws of Florida, Section 212.20, Florida Statutes, and a resolution adopted by the Board on July 10, 2012. These bonds are secured by pari-mutuel replacement (sales tax) revenues distributed annually to DeSoto County from the State pursuant to Section 212.20(6)(d)6.a., Florida Statutes, as a replacement for moneys distributed under Section 550.135, Florida Statutes, prior to July 1, 2000.

The District has pledged a total of \$151,562.17 of sales tax revenues in connection with the District Revenue Bonds of 2012, described above. During the 2023-24 fiscal year, the District recognized sales tax revenues totaling \$132,166.66 and expended \$94,643.63 (72 percent) of these revenues for debt service directly collateralized by these revenues. The pledged sales tax revenues are committed until final maturity of the debt on June 1, 2025. Approximately 72 percent of this revenue stream has been pledged in connection with debt service on the revenue bonds.

The financing agreement contains a provision that in the event of default, outstanding amounts become immediately due if the District is unable to make a payment.

Annual requirements to amortize all bonded debt outstanding as of June 30, 3024, are as follows:

<u>Fiscal Year Ending June 30</u>	<u>Total</u>	<u>Principal</u>	<u>Interest</u>
2025	\$ 94,643	\$ 92,994	\$ 1,649
Total	\$ 94,643	\$ 92,994	\$ 1,649

2. Changes in Long-Term Liabilities

The following is a summary of changes in long-term liabilities:

<u>Description</u>	<u>Beginning Balance</u>	<u>Additions</u>	<u>Deductions</u>	<u>Ending Balance</u>	<u>Due In One Year</u>
GOVERNMENTAL ACTIVITIES					
Bonds Payable	\$ 183,832	\$ -	\$ 90,838	\$ 92,994	\$ 92,994
Subscription Arrangement(s) Payable	-	-	-	-	-
Compensated Absences Payable	1,953,866		107,153	1,846,713	304,645
Total OPEB Liability	2,772,415		224,991	2,547,424	111,401

Total Governmental Activities	\$34,476,333	\$ 2,044,848	\$ 422,982	\$ 36,098,200	\$ 509,040

For the governmental activities, compensated absences, pensions, and other postemployment benefits are generally liquidated with resources of the General Fund.

I. Fund Balance Reporting

In addition to committed and assigned fund balance categories discussed in Note I.G.10., fund balances may be classified as follows:

- **Nonspendable Fund Balance.** Nonspendable fund balance is the net current financial resources that cannot be spent because they are either not in spendable form or are legally or contractually required to be maintained intact. Generally, not in spendable form means that an item is not expected to be converted to cash.
- **Restricted Fund Balance.** Restricted fund balance is the portion of fund balance on which constraints have been placed by creditors, grantors, contributors, laws or regulations of other governments, constitutional provisions, or enabling legislation. Restricted fund balance places the most binding level of constraint on the use of fund balance.
- **Unassigned Fund Balance.** The unassigned fund balance is the portion of fund balance that is the residual classification for the General Fund. This balance represents amounts that have not been assigned to other funds and that have not been restricted, committed, or assigned for specific purposes.

J. Interfund Receivables and Payables

The following is a summary of interfund receivables and payables reported in the fund financial statements:

<u>Funds</u>	<u>Interfund</u>	
	<u>Receivables</u>	<u>Payables</u>
Major:		
General	\$ 608,141	\$ -
Special Revenue		
Other Federal Programs		359,308

NOTES TO REQUIRED SUPPLEMENTARY INFORMATION

1. Budgetary Basis of Accounting

The Board follows procedures established by State law and State Board of Education (SBE) rules in establishing budget balances for governmental funds, as described below:

- Budgets are prepared, public hearings are held, and original budgets are adopted annually for all governmental fund types in accordance with procedures and time intervals prescribed by State law and SBE rules.
- Appropriations are controlled at the object level (e.g., salaries, purchased services, and capital outlay) within each activity (e.g., instruction, student transportation services, and school administration) and may be amended by resolution at any Board meeting prior to the due date for the annual financial report.
- Budgets are prepared using the same modified accrual basis as is used to account for governmental funds. (A description of any differences in the basis of accounting used to prepare the budgets should be included, if applicable. For example: "except that no budget appropriation is made for leases in the year of inception.")
- Budgetary information is integrated into the accounting system and, to facilitate budget control, budget balances are encumbered when purchase orders are issued. Appropriations lapse at fiscal year end and encumbrances outstanding are honored from the subsequent year's appropriations.

2. Schedule of Changes in the District's Total Other Postemployment Benefits Liability and Related Ratios

No assets are accumulated in a trust that meet the criteria in paragraph 4 of GASB Statement No. 75 to pay related benefits.

Change of Assumptions. At the time of year end, a new OPEB report was unavailable and therefore the June 30, 2024, total OPEB liability increased based on the same actuarial report assumptions presented on the 2022-23 report.

3. Schedule of Net Pension Liability and Schedule of Contributions – Health Insurance Subsidy Pension Plan

Changes of Assumptions. In 2023, the municipal bond rate used to determine total pension liability was increased from 3.54 percent to 3.65 percent and the level of monthly benefits increased from \$5 times years of service to \$7.50, with an increased minimum of \$45 and maximum of \$225.
