High School Student Drop-Off and Pick-Up
To enter the high school in the morning, students should use the athletic entrance by the gyms —not the main office entrance.
When dropping off and picking up students, please STAY IN THE RIGHT LANE as vehicles heading to the parking lot will be driving in the left lane.
Please pull forward as far as possible before allowing your student to exit the vehicle. To help keep traffic flowing, students may exit the vehicle anywhere along the pick-up and drop-off zone—they should not wait until reaching the athletic entrance to exit the vehicle.
