Role of Student Policies

The focus of The Academy's system is on the learner, the student. The student's educational development toward The Academy's goals is the central concern of The Woodstock Academy Board of Trustees' policies and the administrator's regulations.

Each student shall be given equal opportunity. However, students vary widely in capacities, interests, social and economic background therefore, no two can be treated exactly alike if the fullest development of each is to be achieved.

The Board of Trustees will attempt to erase any limitations of facilities and means that stand in the way of The Academy's availability to all who wish to learn.

Discrimination among students attending our Academy with respect to race, color, religious creed, gender, sexual orientation, age, marital status, national origin, or physical disability is prohibited.
