

A photograph of two young girls in school uniforms (dark blazers, white shirts, and purple ties) looking at a globe in a classroom. The girl on the left is smiling broadly, while the girl on the right is looking at the globe with a focused expression. The globe shows the Atlantic Ocean and parts of North and South America. In the background, there are shelves with books and a whiteboard with cursive letters. The text 'Colnbrook CofE Primary School | 3rd October 2025' is overlaid in purple at the top, and 'NEWSLETTER' is overlaid in large purple letters across the middle.

A Message from this week's Editor: Mrs Uppal

This week has showcased what amazing mathematicians we have at Colnbrook Primary. Walking around lessons, I was able to see children in EYFS and Year 1 exploring and comparing numbers using resources like Numicon to help them.

Year 4 have been working hard on learning their times tables which are so fundamental in Maths, while Year 5 and 6 have been practicing their fluency in using the 4 operations and using different mental strategies to work out sums - I was really impressed!

Maths is such a key part of our everyday lives and to see our children enjoying their learning and aspiring to have math's related jobs in the future is so lovely to see.

SEBMAT

Collective Worship

In worship, children learnt about European Languages day. As a diverse school, we celebrated how children can speak different languages and explored the importance of understanding how other people live and think.

A blue rectangular poster with a decorative border of yellow stars. The text is written in white on a black background.

Star of the week

Reception - Jimmy
 Year 1 - Ahmed
 Year 2 - Avraj
 Year 3 - Louie
 Year 4 - Baher
 Year 5 - Tyler
 Year 6 - Vivaan

1st - Year 5 - 99.22%
2nd - Year 6 - 99.18%
3rd - Year 4 - 98.33%

LOOK WHAT WE HAVE BEEN DOING THIS WEEK

This week in Discovery Class, we have been learning about our community and the people who help us, such as our different emergency service and health care workers. We really enjoyed putting on our uniforms and checking on our school's emergency equipment.

This week in Early Years, the children have been learning about different jobs in our community that help people, such as doctors, firefighters, and shop workers. They enjoyed the doctor's role play and stories which showcased how these important jobs keep us safe and cared for.

This week in Year 1, we learned about 'greater than' and 'less than' in maths, using numbers, objects, and the $<$ $>$ symbols to compare which is bigger or smaller. The children enjoyed fun activities and games to help them understand how to compare numbers with confidence.

Year 2 have been looking at number bonds first to 10 and then number bonds to 20 this week. They enjoyed using Numicon to explore and visually see different ways to make the numbers and then use them in number sentences.

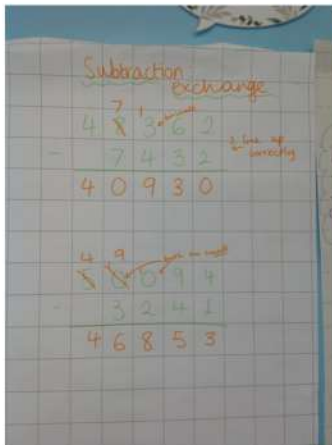

LOOK WHAT WE HAVE BEEN DOING THIS WEEK

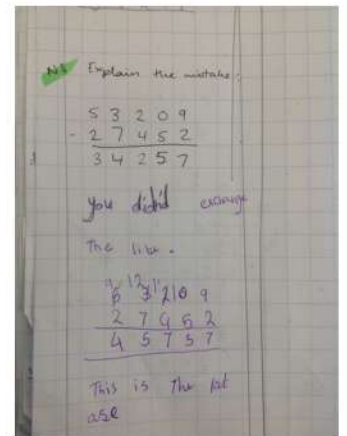

In Year 3, we have been looking at different ways to add and subtract 1s, 10s, and 100s.

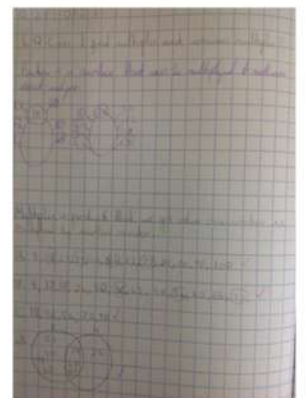

Year 4 have been rounding to the nearest 10, 100, 1000. The children found this quite challenging to start with but we discussed strategies that can help us to round and it just clicked!

In Maths this week Year 5 have been practicing using column addition and subtracting. They have been focusing on exchanging correctly and applying these skills to answer problems and spot mistakes in working out.

In Maths this week, Year 6 have been investigating number patterns, with the focus on factors and multiples. We know that the times tables are the key to it all!

Once
a time...

PUPIL VOICE

"10+10= is a number bond to 20. Math's is my favourite!"

Morgan - Year 2

"We learnt how to subtract and its tricky to exchange but we practiced."

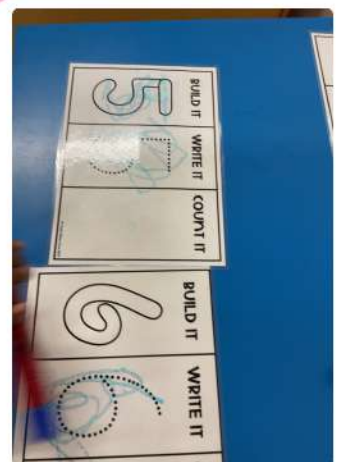

Salma - Year 5

"If the digit next door ends in 5 or above you round up and if it ends in 4 or below you round down."

Mikolaj - Year 4

"10 is greater than 8!"

Riyansh- Year 1

IMPORTANT DATES

Week 6

8th October - House Day - more details to follow

9th October - In school Toy making workshop

Week 7 & 8

17th October - Wonderdome - Year 5

20th October - Flu immunisations

20-22nd October - PTA Harvest Disco - details to follow

23rd October - 2:15-3pm - Harvest Church Service - St Thomas Church

24th October - Last day of term

Week 9

HALF TERM

27th October to 31st October

3rd November - INSET day

4th October - First day back for all children

School trips and permissions

Trip permission have now been added to School Money.

Emails with permissions have been sent out via Teacher2Parents. A gentle reminder that if there is no payment made and permission not given on the app, it could result in your child not going on the trip and the trip potentially being cancelled.

IN OTHER NEWS

Year 4 - Chertsey Museum trip

Yesterday our Year 4 class visited Chertsey Museum for a wonderful Viking experience. They enjoyed role play activities where they dressed in traditional clothing whilst learning about Viking roles in society. On their exploration around the museum, they found weapons that were used in battle and wrote their names in stone ruins. They ended the day with an enjoyable walk to the local Abbey where the museum staff told them the tale of how it was destroyed three times by the Vikings!

KS2 Girl Football Festival

Our KS2 Girls Football Squad had a fantastic day at the Football Festival on Thursday! The girls played brilliantly, showing great team spirit and determination throughout. It was a wonderful team-building experience, helping them develop new skills and confidence on the pitch. Plenty of goals were scored, and the whole squad should be really proud of their efforts. Well done, girls!

"My best bit was the mini matches, we played against Grove Academy!"
Angel - Year 6
