

Meet the Dean of Students **Mrs.** **Green**

Introduction

Dear Families,

Hello! I'm Cassie Green, and I'm excited to serve as your Dean of Students at Lincoln School of Early Learning. This is a brand-new role created to support our students as they navigate challenges, manage their emotions, and grow as learners.

My goal is simple: to help wherever it's needed! Whether it's supporting a child in learning how to manage big feelings, assisting teachers in the classroom, or working with families to find solutions, I'm here to help make every student feel safe, supported, and cared for.

I love helping kids add tools to their tool belts to communicate their needs, find solutions that work for them, and learn how to be independent. I believe in being kind and firm, setting high expectations, giving choices, and building strong relationships. I see challenges as opportunities to grow, and I'm excited to help!

I can't wait to meet you and your children and be part of this exciting year together!

Warmly,

Cassie Green
Dean of Students
Lincoln School of Early Learning
