Student & Family Voices

"I would change nothing about this program because I love it so much" ESI Student

"This is a wonderful program but it needs to be longer each day" ESI Parent

Extended School Year (ESY)

The Extended School Year (ESY) initiative offers tailored summer educational experiences and support for students with Individualized Education Programs (IEPs) through a combination of academic instruction, enrichment activities, therapeutic services, and vocational training.

Family & Student Engagement Progress

- **Family Involvement:**
 - 2024: **3,155 RSVPs** (recorded at the conclusion of programming)
 - 2025: **3,422 RSVPs** (noted by the beginning of July)
- **Open House:**
 - ESY successfully engaged approximately 300 families across various locations.
- **Student Participation:**
 - 2024: **2,052 students**
 - 2025: **2,551 students**

Enrichment, Safety, & Resources

Enrichment Initiatives:

- **Einstein's Workshop** – An exploration and simulation of flash flood dynamics.
- **Minis with a Mission** – Engaging in-person pet therapy sessions featuring rescued miniature horses.
- **ARCKfest** – A transformative one-day arts event designed to enhance creativity, social-emotional learning, and literacy through interactive, grade-aligned activities.

Professional Development:

- Achieved **98% compliance** with Safety Care standards.
- Conducted a comprehensive **2-day professional development** program to equip staff for success.
- Site Coordinator training took place from April – June

Support for Students and Educators:

- The Extended School Year (ESY) program collaborated with **transition students** from East Boston High to produce, organize, and laminate essential classroom visuals and resources.
- Launched the new **ESY Curriculum 2025** resource website, providing teachers with streamlined access to planning and instructional materials.
- Implemented the **Schoolwide Reward Program**, enabling students to earn tickets and rewards while developing skills in learning, communication, social interactions, self-regulation, daily living, safety, and work readiness.
