Subject: Update on Adult Meal Pricing – Federal Compliance

In accordance with FNS Instruction 782-5, Rev. 1, school food authorities (SFAs) are required to ensure that adult meal prices are sufficient to cover the overall cost of the meal. Following a recent review using the Adult Meal Pricing Tool, it was determined that our current adult meal pricing does not meet compliance requirements.

To correct this and maintain compliance, effective immediately, the adult meal price will be updated to $6.25. This adjustment will be reflected in both our point-of-sale (POS) system and in all communications.

Please ensure this updated price is applied consistently and communicated clearly to all staff and visitors purchasing adult meals.

We appreciate your cooperation and your continued support in maintaining compliance with federal and state meal program standards.

Thank you,

Travis Unified Child Nutrition Services
