What does my school rating mean?

One-Star school: Identifies a school that has **not met** the state's standard for performance. Students and subgroups are inconsistent in achieving performance standards. A one-star school has multiple areas that require improvement including an urgent need to address areas that are significantly below standard. The school must submit an improvement plan that identifies supports tailored to subgroups and indicators that are below standard. The school is subject to state inventions.

How are school star ratings determined?

Schools receive points based on student performance across various Indicators and Measures. These points are totaled and divided by the points possible to produce an index score from 1-100. This index score is associated with a one- to five-star school rating.

How are star ratings determined based on total index score?

TSI/ATSI designation: This school has consistently underperforming subgroups as well as very low performing subgroups. TSI/ATSI schools cannot receive more than a three-star rating in the year they are first designated. See the TSI/ATSI designation report for more information.

2024-2025 School Performance

Academic Achievement Indicator

Measure	School Rate	District Rate
Pooled Proficiency	23.2	32.1

Chronic Absenteeism	18.9	20.9
Climate Survey Participation	N/A	N/A

** Reduction in Chronic Absenteeism (CA): Received 1 points in Student Engagement for reducing CA rate by 10% or more over prior year.

Climate Survey Participation is not a point-earning measure.

Academic Achievement

Academic Achievement is a measure of student performance based on a single administration of the State assessment. Cut scores are set that determine the achievement level needed to be proficient on the assessment. Student Proficiency is determined by calculating the percent of students in the school who met (Level 3) and exceed standards (Level 4) on the Smarter Balanced, Nevada Science, and Nevada Alternate assessments. Points are earned based on a pooled average (total number of students proficient on all three assessments divided by total number of students taking all three assessments). Schools need to have ten records in the “all students” group to receive points. Any subgroup with an assessed population less than ten will not be reported on the given Measures. Only students who have been enrolled at the school at least half the year will be included in the Measures in this Indicator.

Academic Achievement

Participation on State Assessments

At least 95% of all students and 95% of students in each subgroup must participate in the state Math and ELA assessments. Any group or subgroup that does not meet 95% participation on each assessment will be flagged. In the first year of flags, a school will receive a “participation warning” but will have no points deducted. A second consecutive year of flags will result in a school receiving a “participation penalty” and points will be deducted from the Academic Achievement Indicator, based upon the number of flags. Subsequent consecutive years of flags will result in points deducted. Note that the same subgroups do not need to be flagged each year to receive warnings/penalties. Only Math and ELA assessments impact participation warnings/penalties.

Participation Penalty: 0

Yellow indicates 95% participation requirement not met.

Student Growth

Student growth is a measure of performance on the state assessments over time.

- Student Growth Percentile (SGP) is a measure of student achievement over time and compares the achievement over time and compares the achievement of similar subgroups of students from one test administration to the next. An SGP from 35 to 65 is considered typical growth.
- Median Growth Percentile (MGP) is a summary of the SGPs in a school. A school's MGP is determined by rank ordering all the SGPs in the school from the lowest to highest and finding the median or middle number.
- Adequate Growth Percentile (AGP) describes the amount of growth a student needs to remain or become proficient on the state assessment in three years. This is the minimum SGP a student must meet or exceed to be on track to target.

Schools need to have ten records in the "all students" group to receive points. Any subgroup with an assessed population less than ten will not be reported on the given Measures. Only students who have been enrolled at the school at least half the year will be included in the Measures in this Indicator.

English Language

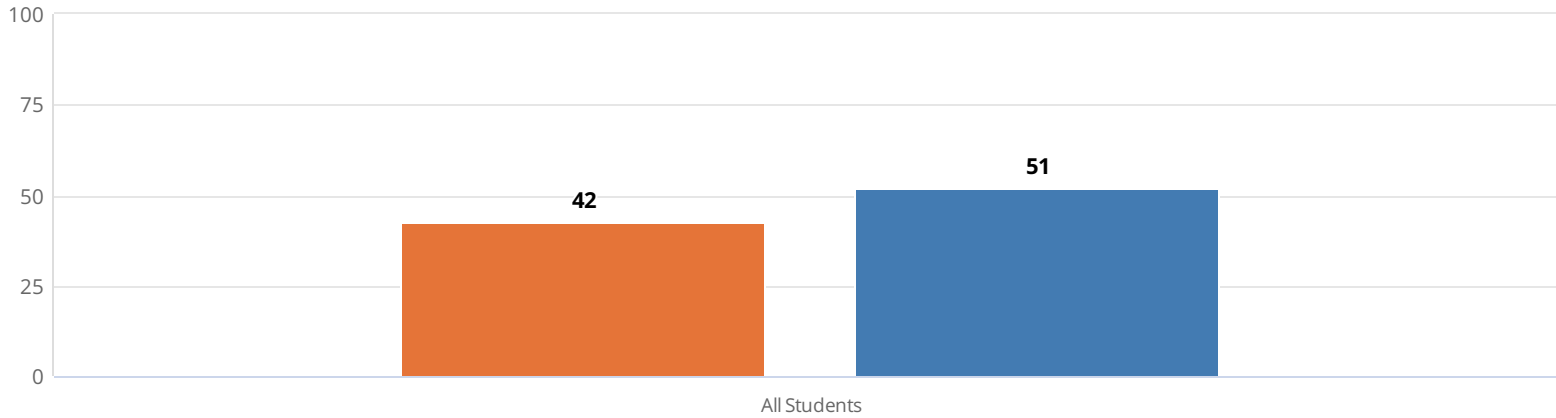

English Language Proficiency is a measure of English Learners (ELs) achieving English Language proficiency on the state English Language Proficiency assessment, WIDA. The NSPF includes Adequate Growth Percentiles (AGPs) to determine if ELs are meeting the goal toward English Language proficiency. Students meeting their growth targets should be on track to become English proficient and exit EL status in five years. Schools need to have ten records in the EL subgroup to receive points. Any school with an assessed population less than ten will not be reported on the given Measures. Only students who have been enrolled at the school at least half the year will be included in the Measures in this Indicator.

For additional information, please see <https://ngma.bighorn.doe.nv.gov/nvgrowthmodel/>

Closing Opportunity Gaps

Closing Opportunity Gaps is a measure of non-proficiency. This measure includes students who were non-proficient on the previous year's state assessment and determines if those students in the current assessment administration succeeded in meeting their Adequate Growth Percentile target. Schools need to have ten records in the "all students" group to receive points. Any subgroup with an assessed population less than ten will not be reported on the given Measures. Only students who have been enrolled at the school at least half the year will be included in the Measures in this Indicator.

Student Engagement

Chronic absenteeism is a measure of Student Engagement. Research shows that attendance is tied to student achievement. Chronic absenteeism is defined as missing 10 percent, or more, of school days for any reason, including excused, unexcused, or disciplinary absences. Students who are absent due to school-sponsored activities are not considered absent for the purposes of this calculation. Schools that reduce their chronic absenteeism rate by 10 percent or more over the prior year may receive incentive points up to the maximum points possible. Schools can also earn points based on the reduction rate if the points earned via the reduction rate is greater than the points earned by the chronic absenteeism rate and incentive points combined. Schools need to have ten records in the “all students” group to receive points. Any subgroup with a population less than ten will not be reported on the given Measures. Only students who have been enrolled at the school at least half the year will be included in the Measures in this Indicator.

School Designation	NSPF Baseline Year	Exit Evaluation
Additional TSI	2023-2024	Summer 2027

What is an Additional Targeted Support and Improvement (ATSI) Designation?

Schools with a ATSI designation meet the following criteria:

- Not designated for Comprehensive Support and Improvement (CSI)
- Significant subgroup performance challenges that would, on their own, lead to a CSI designation. The NDE has calculated an adjusted NSPF index score for each subgroup at each school, awarding points for each Measure where the subgroup n-size ≥ 25, and following applicable rules regarding Measures required for rating. If one or more subgroups had an adjusted NSPF score that is at or below the calculated bottom 5th percentile used for CSI Designations for the relevant school level, then the school is designated as ATSI.

A school designated as ATSI must work with their LEA to develop a plan to exit the ATSI designation within three years. The school is evaluated for exit at the end of this three-year period.

Why did this school receive an ATSI Designation, what is required for exit from an ATSI designation, and how is the school progressing toward exit?

The table below shows the populations that were flagged for ATSI designation based on the specific population’s adjusted index score (refer to the Baseline Year column). Highlighted populations in the Baseline Year column are the populations that caused the school to receive the ATSI designation. ATSI schools will be evaluated for exit after a three-year designation period. Schools are exited if the student group(s), for which they were originally identified ATSI, no longer meet ATSI designation criteria in either the most recent NSPF or the year they were designated (whichever cut score is higher). If the school picks up additional flags (student groups that meet ATSI Criteria) during the designation period (highlighted populations in Years 1 and/or 2), those flags do not reset the designation timeline, nor do they need to be cleared to exit the original ATSI designation. However, if these new flag(s) are present upon exit from the original ATSI designation (highlighted populations in Year 3), the school will be redesignated as ATSI with the new student group flag(s) with a new three-year ATSI timeline. During the ATSI designation period, if a school meets CSI criteria (bottom 5th percentile for school’s adjusted index score or 4-year ACGR <67%), the school will be redesignated as CSI and receive a new designation timeline and report.

ES CSI Cut Scores	10.7	15		
Populations	Baseline NSPF Index Score (2023-2024)	NSPF Index Score (2024-2025)	NSPF Index Score (2025-2026)	NSPF Index Score (2026-2027)
American Indian/ Alaska Native	*	*		
Asian	*	*		
Black/ African American	*	*		
Hispanic/ Latino	10.5	17		
Pacific Islander	*	*		
Two or More Races	*	*		
White/ Caucasian	17	23.5		
Students with Disabilities	10.5	10		
English Learners		22.6		
Economically Disadvantaged	11.7	20		

* = insufficient n-size (n < 25) to receive an NSPF index score.

Title I schools that do not meet the requirements for exiting the ATSI designation after implementing the three-year improvement plan will be designated a Comprehensive Support and Improvement (CSI) school. Non-Title I schools that do not meet the requirements for exiting the ATSI designation after implementing the three-year improvement plan will be evaluated for exit annually.

Blank cells within this table for the English Learner (EL) population are a result of revised Nevada School Performance Framework (NSPF) business rules for the 2023-24 school year. Because the identification criteria for EL students has been updated, data for this population before the 2024-25 school year can not be provided.
