It is important for students to create a schedule that allows for balance and an appropriate amount of time devotion to academics and activities. Please write one way in which you will work to have balance in your schedule.				
Things to consider when planning out a balanced schedule				
Rigor of courses	Extracurricular obligations and their time commitment	Mental health well being and self care time		
Number of rigorous courses	Family/Personal obligations	Happiness		
Homework time for selected courses	Employment hours if you have a job	Future goals
