

Addendum #1

Date:	<u>June 24, 2025</u>	W&H Project:	<u>VoIP Telephone System</u>
Type:	<u>Addendum</u>	Project #:	<u>25-NPS-VTS-01</u>
Client:	<u>Northville Public Schools</u>	Designer:	<u>Scott Brune</u>

Contractor Questions and Answers:

1. Saw the RFP for the phone system replacement. Mentions Cisco several times. Are you only looking to upgrade to a Cisco phone system?

Answer: The District intends to upgrade the existing Cisco VoIP Telephone System.

2. Will a hosted/cloud VoIP option be accepted, or is on-premises required?

Answer: Hosted/Cloud VoIP options are not acceptable. An on-premise system is required.

3. What evaluation weightings beyond total price (technical approach, references, warranty, support) will be applied?

Answer: No evaluation criteria shall be disclosed for this project.

4. Will the district be weighing socioeconomic status (WBE, MBE, SDVOSB etc.) or local to Michigan businesses in their decision evaluation?

Answer: No evaluation criteria shall be disclosed for this project.

5. Can the District confirm whether alternative handset manufacturers (e.g., Poly, or Yealink) meeting specifications will be considered?

Answer: Alternative handset manufacturers are not acceptable.

6. Will the District provide secure on-site staging/storage during after-hours installation?

Answer: Yes.

7. Is remote cut-over of virtual servers permissible if on-site testing is completed?

Answer: Yes.

8. Would the district consider purchasing via the approved Michigan CoPro+ cooperative contract vs. acquisition via public RFP?

Answer: No.

9. Is there a predetermined budget amount allocated for this project?

Answer: No budget information shall be disclosed for this project.
