

Addendum #2

Date:	<u>April 1, 2025</u>	W&H Project:	<u>Audio Visual Systems</u>
Type:	<u>Addendum</u>	Project #:	<u>25-NPS-AVS-01</u>
Client:	<u>Northville Public Schools</u>	Project Mgr:	<u>Rob Richcreek</u>

Project Clarification:

1. Replace the Denon multi-media player specified in all systems with a Tascam BD-MP1MKII and an RDL D-BT1A/D-TPR1A remote Bluetooth Receiver and Transmitter. The RDL units shall occupy an additional volume controllable input on each system. There is no requirement to provide video to the projector for the Tascam unit at this time. The RDL D-BT1A receiver shall be wall mounted inside the respective room in an accessible but protected location (to the extent possible) closest to the Touchscreen Control Panel in the Cafeterias or closest to the equipment rack in the Gymnasiums. Both units shall be mounted 48" AFF in an RDL SMB-1B with CP-1S stainless steel cover plate.
