2025-2026 Supplemental Salary Schedules

Supplemental salaries are designed to pay for work that is supplemental in nature and typically performed outside the duty day. The filling of any position is an administrative decision which will be based on the number of students involved and the number of adults needed for proper supervision.

2025-2026 Supplemental Salary Schedule A The amount indicated is a percentage of that employee's base salary.

During 2025-2026, Activity/Athletic Directors will work with each coach and/or director for athletic competition and co-curricular activities at the secondary level to complete job descriptions for coaching/director positions

*Within 45 days of the conclusion of the season or activity, activity/athletic directors at the secondary level will conduct a postseason review with the coach or sponsor for the season and will review the progress and needs of the program and share with the sponsor/coach and building administrator.

For the 2025-2026 school year, a copy of each job description and forms used for evaluations will be made available in the appendix of the document to be updated as appropriate and accessible to coaches, sponsors, directors and others responsible for supervision of students outside the classroom/contract time. This appendix will be made available on the USD 250 website.

*In the event that one position is divided by two people, the percentage will be divided by two for each coach/sponsor.

*Based upon the number of participants and the safety and supervision needs, the Activities Director/elementary principal may recommend additional coaches or sponsors. These coaches/sponsors will then be paid according to the percentage as indicated.

*If an activity or club is added, an activities director/elementary principal may have clubs operate on a probationary status for one year to establish student participation/viability of the club. Then, the activities directors/elementary principal will make a recommendation for pay based upon the time involved and the number of participating students

*Rule 10 Coaches/Sponsors on Schedule A shall move steps each year (exactly the same as how certified coaches/sponsors move steps each year) until they reach the bottom of the column, where they will remain.

*Rule 10 Coaches/Sponsors on Schedule A, who are also licensed certified teachers working as staff in USD 250 buildings (example: Interlocal #637 certified special education teachers) may move columns and steps.

*Effective for the 2025-2026 year, the position of Wrestling Head Coach for Boys and Girls has been consolidated back to one position. Beginning 2026-2027, the supplemental salary will be reduced by 4% each year for three years, to put this salary consistent with other head coaches.

For the 2025-2026 school year, the Supplementals Study committee will continue to develop a formula to provide more equitable compensation for those who supervise/lead students activities. In addition to the formula, the committee will make recommendations for any movement of activities between Schedule A and Schedule B.
