Campus & Facilities

Founders Hall

General Academics

The school's oldest and most central building is the recently renovated **Founders Hall**, which is one of the most integral and important spaces for our students. Founders Hall houses the following academic programs and offices:

- Humanities Curriculum
- Academic Office
- College and Career Planning Office
- Head of School Office
- English as a Second Language (ESL) Curriculum
- Bossov Ballet Theatre Curriculum

Cianchette Math & Science

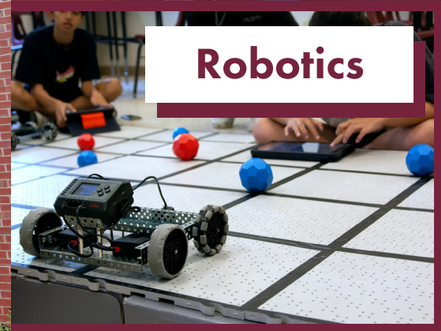

One of MCI's newest academic buildings is the **Chuck & Helen Cianchette Math & Science Center**. This building provides the basis for our STEM (Science, Technology, Engineering, & Math) offerings, and houses the following academic programs and offices:

- Science Curriculum (Chemistry, Physics, Biology, etc.)
- Math Curriculum
- 3D Printing Lab/Makerspace
- Environmental Resources (Garden, Greenhouses, etc.)

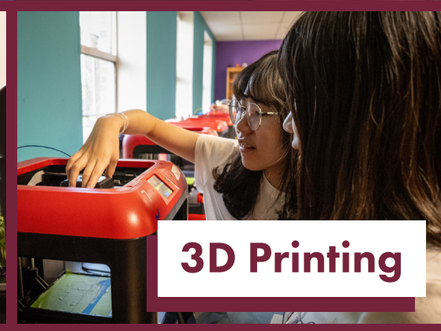

STEM Academics

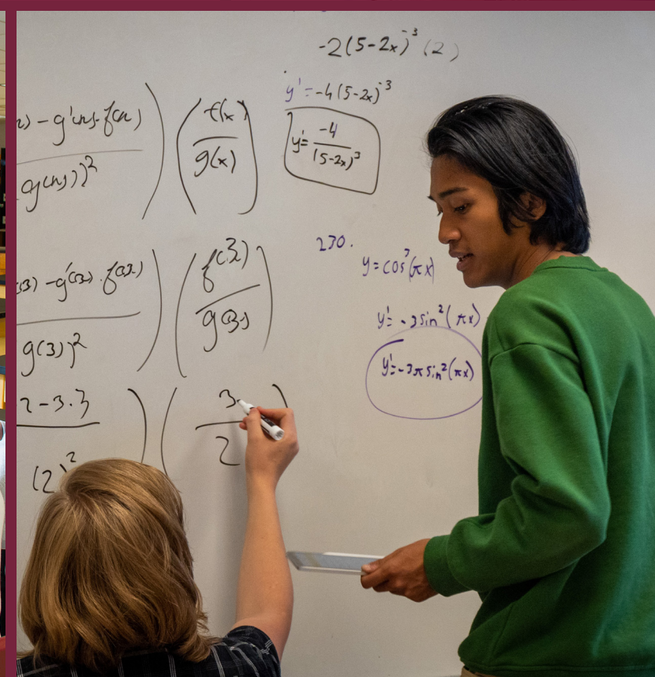

Robotics

3D Printing

Visual and Performing Arts

Over 11 Music Courses

In 2017, MCI renovated the old science building into the **Visual and Performing Arts Education Center**, housed in the JR Cianchette building. The arts have a long history of excellence at MCI, especially Bossov Ballet Theatre, which practices in the nearby Founders Hall. The center houses the following academic programs and offerings:

- Instrumental and Choral Music Curriculum
- Visual Arts Curriculum
- Theater Arts Curriculum
- Professional Recording Studio

Residential Halls

Alumni Hall - Girls

Manson Hall - Boys

#Friends

Our newly renovated dorms are a safe and nurturing space for students to create their own social circles and communities. Our students take advantage of lounges with **large screen TV's, onsite laundry and kitchens**, and a student center with ping pong tables, a pool table, and plenty of fun with friends and peers.

Each room includes a **bed, desk with bookshelf, wardrobe, and a chair for each student**. Students who live at MCI have access to campus-wide Wi-fi, dorm lounges with big-screen televisions, onsite laundry and kitchen facilities, and a student center with a dining room that provides three healthy meals a day and the **student lounge with a piano, Karaoke machine, billiards, and a ping-pong table.**

Along with their living amenities, boarding students eat meals in the **Savage Family Dining Room, which serves breakfast, lunch and dinner every day**. The Savage Family Dining Room is located in the Trustee Memorial Student Center that includes a student union where students can relax after classes, play pool, or enjoy impromptu performances in the Patterson Lounge. The Pittsfield community is a convenient walk from campus, where students **can shop, go out to eat, or have coffee, tea or ice cream with friends.**

Common Area

Savage Family Dining Room

Dining

We understand that quality food is essential to the residential experience at any school. Our partnership with dining service provider **CulinArt** has provided a new and exciting dining experience at MCI. CulinArt comes to our campus with a reputation of high quality food service, including:

- Diverse Menu of Meals & Offerings, and Special Dining Experiences
- Guest Chef Series
- Wellness Wednesdays
- Pop-up Dining Experiences
- And much more!

Our residential community gathers once a month to enjoy a family style meal at our sit-down dinners. Some sit-down dinners are themed and relaxed, while others are formal; all of them are designed to enjoy the company of fellow community members and celebrate students.

Noodle Bowl

Athletic Facilities

20 Programs

#Teamwork

Maine Central Institute offers a comprehensive athletic program for student-athletes of varying levels of ability. Many of our teams have won state and conference championships and our players have won recognition for sportsmanship, team spirit, and personal excellence. **Our three athletic seasons are supported by the following fields and facilities:**

- Football, Soccer, Field Hockey, and Track Facilities on Campus
- Baseball, Softball, Tennis, and more at Manson Park down the road
- Two Gymnasiums to support Basketball, Wrestling, and other activities
- 9-hole full service golf course and driving range down the road
- Fully stocked eSports lab with the latest technology and systems
- Two Weight Rooms with Daily Access for Teams/Individuals

Weymouth Hall

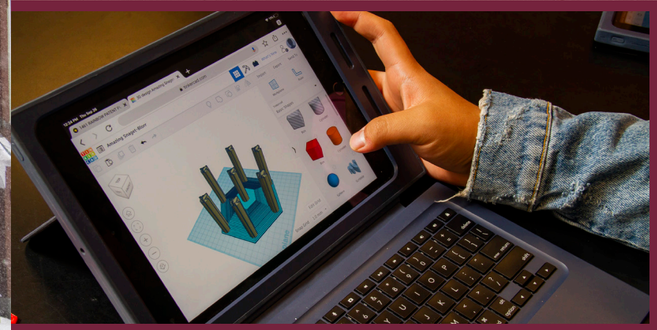

Student Services

One of MCI's original buildings neighboring Founders Hall, **Weymouth Hall** is the home of all things student life. Whether it's a visit to the nurse or counselor, a trip to grab some mail from home, or gathering help for your iPad or devices, Weymouth Hall is a key resource for all students and houses the following offices and offerings:

- Dean of Student Life Office
- Nurse's Office
- Counselor's Office
- Student Mailroom
- Information Technology Office
- Campus Bookstore

Powell Library

#Learning

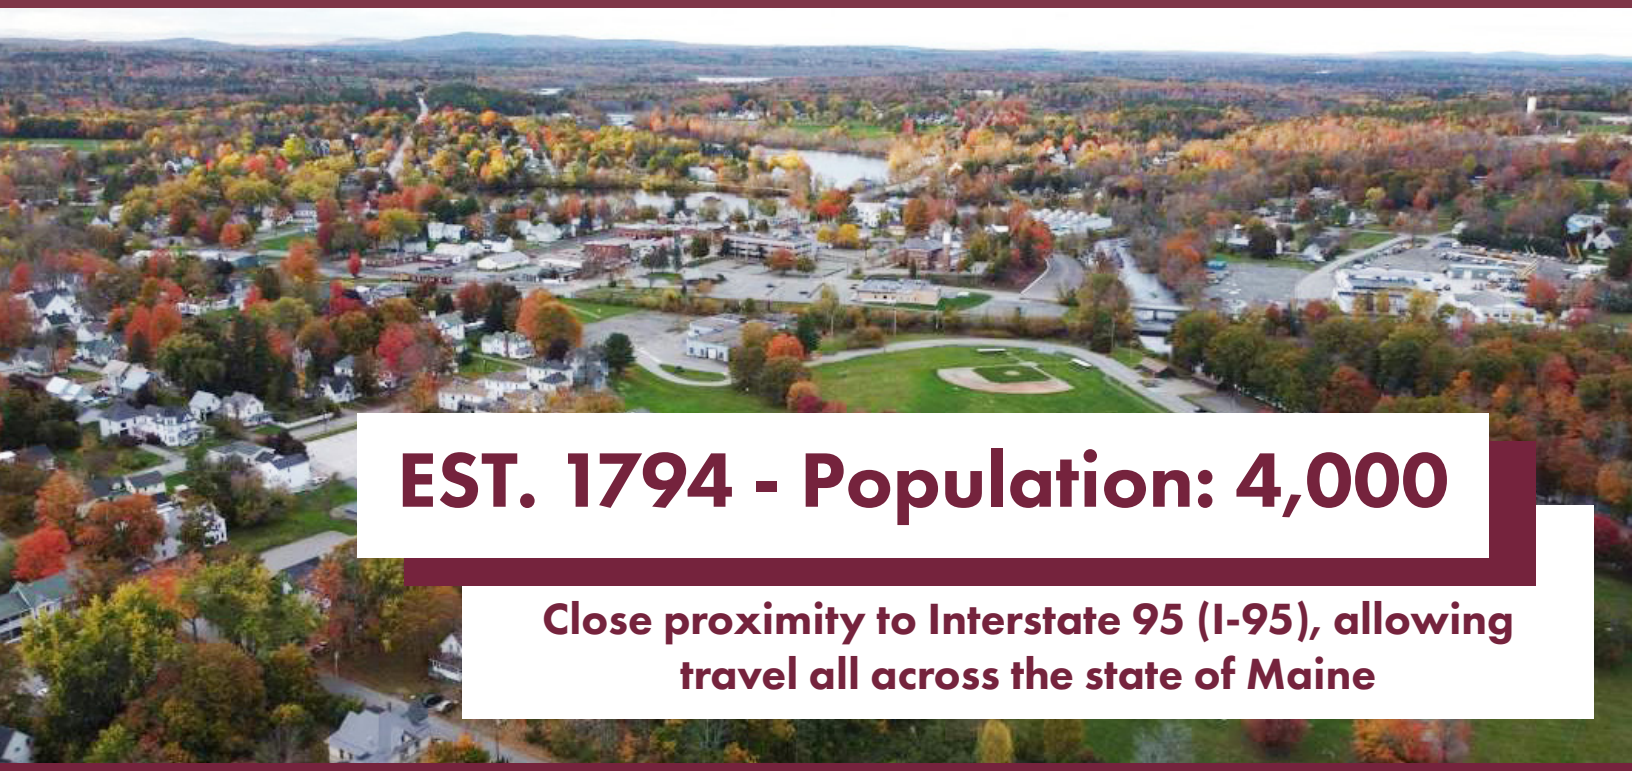

The Powell Library not only houses MCI's collection of books and educational resources, but is a designated study space that acts as a place for all our students to **gather the information they need to succeed at the highest level.** Our library consists of the following academic programs and offerings:

- A full service library with physical and electronic books & resources
- Special Education Department
- Business Office
- Library Technology/Makerspace
