

Andrew Maier Elementary School

# Tiger Pride

Issue No. 2 | October 2025

Andrew Maier raised \$829.06 for Alex's Lemonade and Pediatric Cancer!  
Thank you to all that donated.

---

# Kindergarten - Miss Chisdak

---

Miss Chisdak's students mastered kindergarten bootcamp, learned about living and non living things in the pollinator garden and participated in Alex's Lemonade Stand!

---

---

# Johnny Appleseed Day

---

---

# Kindergarten - Miss Shaub

---

We've already had so many fun and special days in kindergarten! From earning a pajama day celebration, to wearing yellow and gold in support of Alex's Lemonade Stand, to exploring at recess and building fine motor skills during choice time—it's been such a joyful start to our year together!

---

# 1st Grade - Miss O'Neill

---

So many fun things happening in Miss O'Neill's class. Celebrated Dot Day, Constitution Day and Alex's Lemonade Stand to fight Pediatric Cancer.

Way to go!

---

# 1st Grade - Mrs. Ulrich

---

Mrs. Ulrich's class is filling buckets and learning about transparent, opaque and translucent objects. Plus, they learned about the legend, Johnny Appleseed.

---

## 2nd Grade - Mrs. Kamp

---

Our 2<sup>nd</sup> grade friends in Mrs. Kamp's class work on their first science unit, learn number forms in math and participate in Alex's Lemonade Stand to help fight Pediatric Cancer.

---

## 2nd Grade - Mrs. Maloney

---

Mrs. Maloney's class earned a celebration for being bucket fillers! Their kind and respectful behavior earned a bring a stuffed toy to school. They also celebrated International Dot day and decorated part of a dot. In addition they had some cool science experiments, Patriots Day journal writing and learned all about the Constitution!

---

## 3rd Grade - Mrs. Langston

---

Our students have been busy learning and making a difference! They proudly wore yellow to support the fight against childhood cancer, showed teamwork as they emptied another filled bucket, and put their science skills to the test by building and testing house structures to see if they could withstand hurricanes, floods, and earthquakes. To wrap up the week, they had fun sorting words and creating compound words together — a perfect mix of creativity, learning, and community spirit!

---

# 3rd Grade - Mrs. Wright

---

Science is  
FUN! These  
kiddo's  
enjoyed  
learning and  
experimenting

---

## 4th Grade - Mrs. Fry

---

Students playing  
shuffleboard to  
simulate the  
transfer of energy.  
Plus, we all  
enjoyed pajama  
and stuffy day!

---

# 4<sup>th</sup> Grade - Mrs. Fryzol

---

Look at these faces doing science experiments about erosion!

---

# Counselor's Corner

---

☀️ Meet the Counselor: Mrs. Bauer ☀️

October is National Bullying Prevention Month! Throughout the month of October, schools and communities across the country raise awareness about bullying and take action to create safe, inclusive environments for all students. Unity Day—celebrated in October—is a key part of this effort.

On Unity Day, students and staff wear orange 🧡 to show that we stand together for kindness, acceptance, and inclusion. It's a powerful reminder that everyone deserves to feel safe and supported.

What is Bullying?

Bullying is unwanted, aggressive behavior that involves a real or perceived power imbalance. It can be:

- ◆ Physical – hitting, pushing
- ◆ Verbal – name-calling, teasing
- ◆ Social – excluding others, spreading rumors

Bullying often happens repeatedly and can cause serious emotional and physical harm.

How Can We Help Children Respond to Bullying?

Here are a few strategies to encourage at home:

Speak up – Tell a trusted adult

Be a friend – Include and support others

Walk away – Stay safe and avoid conflict

Stay confident – Use calm, assertive words

Stand together – Show support to peers who are being bullied

Let's work together to make Unity Day and Bullying Prevention Month meaningful for our children—because a culture of kindness starts with all of us. 🍏🍁

## Reading 101: Quick Tips for Parents

Help your child build strong reading habits at home with these simple ideas:

-  Read every day – even just 15 minutes makes a big difference.
-  Let kids choose – comics, picture books, or favorite series all count.
-  Talk about stories – ask, “What do you think will happen next?” or “What was your favorite part?”
-  Play with words and sounds – rhymes, silly songs, and letter games build early skills.
-  Encourage writing – notes, journals, and drawings help strengthen reading.
-  Be a reading role model – show your child that reading is enjoyable and important.

For more tips, check out [Reading Rockets’ Reading 101 Guide for Parents](#).

Hello Andrew Maier Families,

We will soon be seeing the change of seasons. As this time of year approaches, it often brings on seasonal allergies, increase in cold viruses, and even the Flu. Please do not send in any medication, including over the counter medications, without a doctor's order. If you send cough drops for your child to use, they must be sent with a parent note. We do have over the counter medications approved by our school doctor that we may give with your permission. This green permission form was sent home at the beginning of the school year. If you have any questions, I'd be happy to talk with you, please contact me at 610-926-2502, ext. 60530.

Please remember to start sending your child with a sweatshirt/jacket as the temperature starts to get chilly! This way they can really enjoy recess time!

Happy Fall!

Doreen Green Building RN
