

DRAMA

DRAMA

The Drama/Theatre Arts program provides students with opportunities to explore performance, stagecraft, and theatre history while building confidence, creativity, and collaboration skills. Students gain practical experience in acting, directing, design, and production, preparing them for college programs, careers in the arts, or lifelong appreciation of theatre.

Courses

Introduction to Drama (Grade 9)

Speech and Theatre (Grade 10)

This course offers second year Drama Majors a focus on characterization. This higher level performance class includes advanced scene study, improvisation, musical theatre, directing, audition, and script analysis. Through participation and performance, students develop physical, vocal, and performance skill with a truer understanding of the art of theatre.

Stage Design and Scene Study(Grade 11)

Master Production and Performance (Grade 12)
